2 BURGLARIES OVERNIGHT ARE BEING PROBED

Burglars during the night entered the Upper Adams Lanes and the Gettysburg Veterans of Foreign Wars home, according to state and borough police.

Sgt. Daniel Miller of the local police is investigating the burglary at the VFW home where intruders during the night broke open double doors at the rear of the building on E. Middle St. and broke open cigarette and other machines in the basement and first floor of the structure. The loss and damage was estimated at about \$75.

At the VFW this morning attendants said the establishment closed about 1:30 and the burglary was discovered this morning at 8 o'clock by janitor Glenn Kennedy. The intruders were reported to have used a jimmy to force a slide bolt on the rear doors of the stag bar, then broke open a cigarette machine and a shuffleboard machine there to secure the coin boxes. Going to the lounge on the main floor, the burglars broke open a cigarette machine and then broke into the office, shuffled through papers there but apparently removed nothing.

BOWLING ALLEYS LOOTED

Daniel J. Wolff reported to state police this morning that his Upper Adams Lanes on the Biglerville-Gettysburg Rd., near Biglerville, was burglarized during the night.

The bowling establishment closed at 11:15 Wednesday night. When it reopened at 7:15 o'clock this morning it was discovered that burglars had entered the structure by breaking a glass in a front door.

Inside, the burglars battered and removed the money boxes from cigarette, coffee and candy machines. State police estimated the loss and damage at \$150.

30 CHILDREN ENROLLED AT CARE CENTER

The day care center for children of migratory farm workers, which opened Tuesday in the Christian education building of Trinity United Church of Christ at Biglerville, had nearly 30 youngsters on hand today and enrollment has gone over that figure.

Mrs. Bertha Boatman, Jersey Shore, Pa., a Lock Haven State College graduate who is director of the project, noted that the attendance already has more than doubled last year's figure and that more youngsters have been enrolled and will be attending as soon as they have had their medical examinations.

The center operates daily from 8 a.m. until 5 p.m. The children are brought there by bus, served a cooked breakfast, a mid-morning snack, a cooked lunch and another snack before they start for their homes in the afternoon.

NEGROES, WHITES, INDIANS

The youngsters include children of southern negroes, southern whites and two Indians who came here from North Carolina, Alabama and Florida with their parents who are working in Adams County orchards. Opening of the center coincided with the beginning of the sour cherry harvest in the county this week.

A staff of six is in charge of the center. In addition to Mrs. Boatman are two teachers, Mrs. Carol Kiser, of Gettysburg, a Gettysburg College graduate, and Miss Jo Ann Aronson, Montclair, N. J., a senior at Penn State University. These members of the staff are employees of Pennsylvania State University. The program is subsidized with federal funds and operated by Penn State University, Mrs. Boatman explained.

A social worker assigned to the center by the state Department of Welfare is in charge of recruiting youngsters for the pre-admission medical examinations. She is Miss Jan Makowsky, who is doing graduate work at Penn State. The food served four times daily is prepared and served by the cook, Mrs. John Lawver, and her assistant, Mrs. Arthur Boyner.

Cherry Picker Breaks Shoulder

Mrs. S. Edward Reaver, 21, Emmitsburg R. 2, was treated on Wednesday at the Warner Hospital for a fracture of her left shoulder received in a fall from a cherry tree.

Wayne Biesecker, 6, son of Mr. and Mrs. Harry Biesecker, Cash-town, received treatment Wednesday after being bitten on the right ankle by a copperhead snake. He was admitted to the hospital as a patient today.

4 COUNTIANS WILL ATTEND PA. INSTITUTE

Four young people from Adams County will attend the summer institute of the Pennsylvania Association of Farmer Cooperatives at Juniata College in Huntingdon July 30 to August 3. Those who will attend from the county will be Edna Jane Coble, Aspers R. 1; Natalie R. Smith, Gardners R. 1; Charles W. Dutrow, Gettysburg R. 5, and Carl G. Woerner, Gettysburg R. 3.

The institute is jointly sponsored by the Pennsylvania Association of Farmer Cooperatives and the local cooperative councils of Pennsylvania of which the Adams County Council of Farmer Cooperatives is one. One object of the institute is to assist young people in preparing themselves to assume leadership roles in their communities. The program includes cooperative education, career guidance, discussion leadership and recreational training.

Approximately 150 young men and women will be attending, according to Glenn G. Carter, executive secretary of the Pennsylvania Association of Farmer Cooperatives. Those awarded the trip are winners among approximately 2,000 young people who have participated in local cooperative awards contests across the state.

Included among the speakers at the institute will be Dr. Paul M. Althouse, assistant director of resident education, Pennsylvania State University; Dr. Clare A. Becker, professor of agricultural economics and rural sociology, Penn State; George S. Foster, state 4-H Club leader, University of Tennessee; John Gauss, professor of agricultural economics extension, Penn State; Dr. Walter Jacoby, director of youth education, American Institute of Cooperation; William H. Johnson, director of public relations, Farm Credit Banks of Baltimore; Dr. David R. McClay, head, department of agricultural education, Penn State; J. Collins McSparran, state Grange; George M. Myers, Farm Bureau; Dr. William Smith Jr., state 4-H Club leader, Penn State; J. Kenneth Stern, president, American Institute of Cooperation; George M. Tewksbury, supervisor of youth programs, Nationwide Insurance Company.

Two participants of the PAFC summer institute will be awarded expense paid trips to the American Institute of Cooperation's annual meeting at the University of Minnesota in August.

4-H DAY CAMP

The Adams County 4-H Day Camp will be held July 20 at the South Mountain Fairgrounds. Registration will begin at 9:30 a.m. and persons attending should bring 50 cents for the cook-out and handicraft, and a basket lunch. The evening program will begin at 7 o'clock.

RETURNED TO JAIL

Joel King Miller, Mt. Holly Springs, was recommitted to the Adams County jail in default of \$1,000 bail on two morals charges after a hearing before Justice of the Peace Robert P. Snyder Wednesday evening. Ray Baker Jr., Gardners R. 2, was the prosecutor. Miller is scheduled for trial in August court.

HAVE 11-CENT STAMPS

The Post Office has on hand a batch of the new 11-cent stamps which were discontinued some time ago but have been reissued. The stamps are tri-color, red, white and blue, a regular issue, and the size of the four-cent stamp.

85 AT PICNIC

Eighty-five attended the picnic held Wednesday evening at Calcedonia by the court house officials, employees and guests. County Treasurer Clark Spence was chairman of the committee-in-charge which included Miss Aurelia Spence, Miss Helen Pfeiffer and Associate Judge Clarence Deardorff.

LETTERS OF ESTATE

Testamentary letters were granted today by the register and recorder to Rachael A. Gochenour, York Springs, executor in the estate of Sue L. March, Huntingdon Twp., for the \$6,000 worth of personal property.

CHOOSE NEARY TO HEAD 99TH ANNIVERSARY

Robert S. Neary, W. Middle St. jeweler, was named Wednesday evening as chairman for the observance in 1962 of the 99th anniversary of the Battle of Gettysburg. Neary had served for the last four years as co-chairman.

Francis I. Linn, who had served the three-year tour of duty as Battle Anniversary chairman, ending with this year's event, was praised by the firemen for "outstanding performance of duty" in connection with the annual events.

Linn still has the duty of winding up the 99th Battle Anniversary program. At Wednesday night's meeting of the firemen at the Recreation Field he asked the firemen to be at the field at 6:30 o'clock this evening to finish packing away equipment, returning borrowed equipment and generally cleaning up after the festival.

TOOK IN \$22,672

He reported gross receipts from the battle anniversary and solicitation at \$22,672.18. Net receipts this year should total about \$9,000 because of purchase of additional equipment including a large number of tables and chairs for the dining room.

With the purchase of the new equipment, the firemen discussed setting up a system for lending equipment. At present the firemen borrow from Moose, Elks, Eagles and other organizations and individuals for their events and in turn organizations and individuals borrow equipment from the firemen for their own events. While generally the system has been working well with most things returned, "it sometimes works out that when we need something we have to search all over before we can find it," firemen reported.

SET UP BORROWING PLAN

The system to be set up provides that responsibility for lending equipment will rest in the hands of a property committee comprising Glenn Weishaar, Roy Thomas and Thomas Gormley. A "check out" book will be secured and those borrowing will sign the equipment out and will sign again when the equipment is returned.

At present the only "missing articles" are two 150-foot strings of lights, one borrowed two years

DEATHS

Mrs. Paul F. Hoffheins

Mrs. Mary Agnes Hoffheins, 81, widow of Paul F. Hoffheins, died at 4:20 a.m. Wednesday at the home of her daughter, Mrs. Fern Hemler, 300 Ridge Ave., McSherrystown, with whom she resided. Mr. Hoffheins died in 1951.

Mrs. Hoffheins was a daughter of the late George A. and Mary Hertz Ackerman. She was a member of Annunciation of the Blessed Virgin Mary Catholic Church, the Archconfraternity of the Passion, and the National Council of Catholic Women. She is survived by two daughters, Mrs. Hemler, and Mrs. Harry Craig, Philadelphia; four grandchildren, four great-grandchildren and a sister, Mrs. Emma Leppo, Main St., McSherrystown. Funeral services will be held Saturday, with prayers at the Hemler residence at 9:30 a.m. followed by a requiem mass at Annunciation Church at 10 a.m. Her grandson, the Rev. Robert Hemler, will be the celebrant. Burial will be in the parish cemetery. Friends may call at the home from Friday evening until the time of service. The rosary will be recited there at 8 p.m. Friday.

Charles H. Zeigler

Charles H. Zeigler, husband of Mrs. Iva Fortney Zeigler, died at 3:45 a.m. Wednesday at his home, East Berlin R. 1, after an eight-month illness.

Mr. Zeigler belonged to Wellsville EUB church and was employed in the wrapping room of the New York Wire Cloth Company plant, York. Besides his wife, he leaves three daughters, Mrs. Ervin C. Shellenberger, Dover; Mrs. Eugene Frick, Wellsville R. 1, and Mrs. Kenneth Ulrich, Wellsville; nine grandchildren, two great grandchildren, a brother, Jacob Zeigler, Wellsville, and six sisters, Mrs. Joseph March, Davisburg; Mrs. Grace Myers, East Berlin; Mrs. Daisy Grass and Mrs. E. K. Shoemaker, both of Dover, and Mrs. Glenn Byers and Mrs. Raymond Glass, both of Wellsville.

Funeral services at 2 p.m. Saturday from the Cocklin Funeral Home, Dillsburg. Officiating ministers will be Rev. Jack C. Orr, pastor of Harmony Grove Chapel, and Rev. Warren W. Costick, pastor of Wellsville EUB Church. Interment in Filey's Cemetery.

More Ambulance Supplies Ordered

The Gettysburg Fire Department ambulances operated "at a profit" last month, according to a report by Secretary-Treasurer Glenn Weishaar at Wednesday afternoon's meeting of the ambulance board.

Weishaar reported donations of \$137.50 and expenditures of \$54.27. As a result the checking account balance rose to \$648.24. If a similar "profit" shows next month the board will probably place an additional sum in the new ambulance fund which now totals \$2,223.75. The board is seeking to have a sum on hand to purchase a new ambulance a few years from now.

Decision was made to purchase several new blankets and two additional coats for the ambulance drivers to wear while operating the equipment. The decision was made as a result of a series of calls within a short period of time recently at the end of which the ambulances were near the end of supplies of linens, blankets and coats for the drivers.

Linen is changed each time a patient is carried in the ambulances and blankets and coats are changed when soiled. Normal operation permits present supplies to be laundered between calls.

Machin-gun Posse Tracks Fast-draw Young Slayer Of 2 Through Mountains

KREMMLING, Colo. (AP)—A hundred officers, some with submachineguns, stalked through the rugged northwestern Colorado mountains searching today for a fast-draw gunman accused of killing two officers and wounding two others.

State Patrol Lt. Hiram Short, 49, of Craig, Colo., and Under-sheriff John Clark, 68, of Eagle County, died Wednesday night from bullets fired by the touse-haired desperado. Sheriff Chancy Van Pelt, 54, of Grand County, and Robert Hoover of Grand Junction, a State Game and Fish Department education officer, were hospitalized at Denver with serious bullet wounds.

SAYS HELP FOR INDIA LIBRARY GOOD PROJECT

Mrs. Richard Wayburn, Aspers R. D., who is going to conduct weekly bake sales until she gets enough money to pay for shipping her supply of donated books to a library in India, believes "this personal contact with the people of Pali (India) is good Peace Corps work on a small scale."

Pointing out that "this is not a quack idea," Mrs. Washburn noted: "The scale of contact here tells the people there that an ordinary American is friendly and concerned about them. We have the name of being very busy folk who have no time for others. This is concrete evidence that we do take time and the amount of pleasure these books give is amazing."

"Mr. Sebastian wrote (from India) that all are wondering about the American who has no money and yet thinks enough of them to conduct a bake sale just so they can have some books." Then speaking of the people in India who use the library, she said: "They are a fine, wonderful people and are thirsty for reading material. In Kerala in South India, 75 per cent of the people are illiterate and anyone who wishes to help us with this book project would be gratefully welcomed. It is a good project for ordinary people for our inter-country relations and the pleasure that it gives to hundreds of people makes all the hard work worthwhile."

Mrs. Washburn, who baked 600 cupcakes for the first bake sale she held here last Saturday, announced today that on Saturdays "throughout the rest of the year," she will have about 15 cakes on sale in front of the Ramer Insurance Agency office on Baltimore St. She will also bake on order and will continue the sales until all the books she has been given are mailed. She estimated she will need about \$200.

She acknowledged help received from many persons on the first sale and said Dr. D. L. Radsma, Gettysburg, sent a \$10 donation. There have been other cash gifts, too, which will shorten the number of weeks Mrs. Washburn will be holding bake sales. Mrs. Washburn admits she's glad for the extra help.

CALL CENTER'S STAFF WILL BE PAID WORKERS

The Adams County Quick Call Center at the engine house will be operated by a full-time paid staff starting Monday, it was announced Wednesday evening, at a meeting of the Gettysburg Fire Department at the Recreation Field.

William G. Weaver, secretary of the fire department and county Civil Defense director, said a meeting of County Commissioner E. Donald Scott with Raymond Menges, chairman of the county Quick Call Committee; Weaver and George W. Naugle of borough council Wednesday afternoon resulted in decision that the full-time paid operation will begin Monday.

Part of the cost of the operation is to be borne by Civil Defense. Weaver said the request for the funds had "passed the state Civil Defense officials and it is expected that federal approval will be given in the near future."

EXPLAIN SETUP

Under the plan starting Monday, Donald Jacobs, custodian at the engine house and borough fire marshal, will continue to man the Quick Call center from 8 a.m. to 6 p.m. daily. Murray Wentz will continue with the midnight to 8 a.m. shift. In place of volunteers who manned the center from 6 p.m. to midnight daily and on Sundays, William K. Gilbert and Gerald White will divide between them the evening hours daily, the Sunday periods and in case of illness of the other two operators.

Weaver said it is planned to have a volunteer trained group of "five or six" willing to step in when the regular operators cannot be present for any reason. Those wishing to join the "stand by" unit were asked to notify either Weaver or Menges.

Weaver and Glenn Raffensperger, president of the Gettysburg Fire Department and secretary of the Quick Call committee, who had charge of arranging for the volunteers to man the station nightly, praised the men who had given their time to keep the center operating 24 hours a day 7 days a week.

HAS BECOME COMPLEX

The noted that the decision to switch to full-time paid operation came about because of the

Mrs. Chambers Is Listed As Critical

Mrs. Esther Chambers, 60, Westminster R. D., remained on the critical list at the Warner Hospital this afternoon where she has been unconscious since she was brought in by ambulance Monday afternoon from her farm home in Bachman's Valley, near Union Mills, Md.

Dr. Raymond F. Sheely, her attending physician here, said Mrs. Chambers suffers from a complete physical breakdown possibly complicated by pneumonia.

Mrs. Chambers was brought to the hospital here the day after her husband, Whitaker Chambers, key witness in the Hiss spy trial 13 years ago, died of a heart attack at their Maryland home. The husband's death was not announced until Tuesday night, after the body had been cremated privately at Washington, D. C.

MARRIAGE LICENSE

The clerk of the courts issued a marriage license today to Robert E. Thomas, 224 E. Middle St., son of Charles E. Thomas, 696 S. Washington St., and Mrs. Helen M. Thomas, R. 6, and Miss Janet M. Smith, daughter of Mr. and Mrs. Joseph E. Smith, Hanover.

44 PROPERTY LIENS FILED

The county commissioners have placed liens against 44 properties for failure to pay taxes in 1960. The number of liens filed in the prothonotary's office is approximately the same as filed a year ago and represents a total of \$552.43 in unpaid taxes.

In failing to pay the county and institution district taxes, the 44 property holders added \$264 to their bill. When each lien was filed a \$6 charge was levied against the property.

As a result, 20 of the 44 will eventually pay more for having the liens placed against their property than they had to pay in taxes in the first place.

Largest single amount of any of the outstanding taxes is \$35.84. The lowest is \$1.11. Twenty of the liens are for taxes that are less than \$6.

15 GIRL SCOUTS TO SEE CANADA ON CAMP TRIP

Fifteen members of Senior Girl Scout Troop 44 of Gettysburg will leave Saturday for a week-long camping trip at Maniwaka, Canada, 60 miles north of Ottawa.

The trip will be financed by various money raising projects held by the troop over a period of several years including rummage and candy sales and the making of stuffed toys.

The sale of stuffed toys began originally as a project designed only as a craft project on the part of the troop. After the first were made, so many people offered to buy the toys that the troop decided to make them for sale to the public. Brenda Kuhn, Cashtown, who had been in charge of selling the toy animals for the troop, will be their special guest on the Canada trip.

7 ADULTS GOING

The troop will go by bus to the Thousand Island Bridge on Saturday where they will camp in tents at the Canadian National Park, "Ivy Lea." On Saturday they will take a boat cruise around the Thousand Islands and later will go to Thirty-One Mile Lake outside Maniwaka. While in Canada, they will be guests of Mrs. Charles Feldman and will tent outside the Feldman cottage there.

The weeklong encampment will include swimming, water skiing, fishing, boating and a trip to an Indian reservation. Departing from Gettysburg High School in uniform Saturday morning at 5:30 o'clock, the troop will be accompanied by these adults: Mrs. Arthur Phiel Jr., Mr. and Mrs. C. William Zhea, Mrs. John Caldwell, Mrs. Mark Johns and Mr. and Mrs. M. Hardy Nichols.

Members of the troop who will take the trip will include Ann Bucher, Sally Crist, Caryn Caldwell, Molly Eckert, Beverly Bixler, Kay Dick, Phyllis Johns, Beverly Phil, Linda Zhea, Barbara Zeigler, Linda Mallow, Karen Caulfield, Bessie Moorhead, Susan Markley and Lucinda Deitch.

Mailbox Destroyed By Firecracker

State police and post office officials were called Wednesday to investigate the destruction of a mailbox at the home of Mrs. Josephine Ameen, R. 3. Police said the mailbox evidently was destroyed by a firecracker sometime late Tuesday evening or early Wednesday morning. Mrs. Ameen's home is located about three and one-half miles north of Gettysburg on the Mummasburg Rd. State police are continuing the investigation.

GIRLS' 4-H MEET

Slenz left this morning to attend the Pennsylvania Exchange Club's three-day convention at the Bedford Springs Hotel, Bedford, The Gettysburg and Chambersburg Clubs are in charge of registration at the meeting. B. Edward Wood, Miami, national president, will be the principal speaker and guest of honor.

RIVETER DIES IN 59-FT. FALL AT QUARRIES NEAR HANOVER

Failure of a one-inch screw to hold led to the death Wednesday afternoon of Russell C. Cisney, 32, Blairs Mills, Huntingdon County, in a 59-foot fall at the Bethlehem Steel quarries in Oxford Twp., three miles northwest of Hanover.

Dr. C. G. Crist, Adams County coroner, said death occurred instantly from a fractured skull and internal injuries when Cisney's body struck the ground.

According to Dr. Crist and State Policeman Charles Todd, who investigated, Cisney, a riveter who is a widower and father of a seven-year-old daughter, was working with Neil Arlen Sieber, 32, Lewistown, on a swing scaffolding 59 feet up on the approximately 100-foot high "Transfer House No. 8" now under construction at the quarries.

WORKING ON SIDING

The metal framework on the structure, one of a series being constructed there, has been completed, Officer Todd said, and Cisney and Sieber were engaged in placing thin metal siding on the structure. The siding is attached to the frame by metal screws. Sieber held the plates against the beams while Cisney drilled holes through both and then inserted the screw that attached the two pieces of metal.

Officer Todd said that each time the swing scaffold, which hung suspended by ropes from the top of the structure, was raised one level Cisney had the task of fastening a one-foot metal loop to the beam above, and then attaching a four-foot rope from the metal loop to the scaffold so it could not swing more than two feet from the building while the men were working.

Such a "tie-in" had been installed before Cisney and Sieber began work on the metal siding 59 feet in the air.

At the time of the accident, Sieber was holding the metal sheeting against the beam and Cisney was kneeling at his feet, drilling a hole for a screw when Sieber felt the scaffold move away from the building. He shouted to Cisney and simultaneously grabbed the beam above him. The scaffold swung from the structure and Sieber was left hanging to the beam while Cisney fell.

MAY HOLD INQUEST

Other workmen rushed to Sieber's aid and pulled him to safety.

Examination afterward showed, Officer Todd said, that the one-inch metal screw holding the metal loop to which the rope was attached to prevent the scaffold from swinging had pulled out. The threads of the screw had been stripped from it when it pulled from the beam, according to the officer. He said it was believed that the pressure of Cisney's body against the scaffolding as he drilled into the metal had been the cause for the screw threads to strip.

Dr. Crist said he probably will hold an inquest into the death. The body was removed to the Wetzel Funeral Home, Hanover, to await removal to an Orbisonia funeral home.

Driver Dozes And Crash Is Result

Damage totaled \$75 this morning at 7:15 o'clock when a car and a truck collided two miles east of Littlestown on a township road.

State police said Clair William Study, 30, Westminster R. 2, was driving a truck south while William W. Hilker, 17, Hanover R. 1, was driving north. According to police, Hilker apparently fell asleep and his car crossed the highway and struck the truck.

SAYS NAZI WHO KILLED JEWS IS NOT A CRIMINAL

By THOMAS A. REEDY
JERUSALEM (AP) — Adolf Eichmann, clinging grimly to his "honor" as an SS officer, refused today to admit that any Nazi who killed Jews was a criminal.

The former Gestapo colonel would only concede that the slaughter of six million Jews he is charged with helping to administer was "heinous, heinous."

Israel Atty. Gen. Gideon Hausner attacked Eichmann's aplomb again after four days of blistering cross-examination. He extracted a flood of justifications on how a man could follow Hitler's murderous orders and still live with himself. In sum, Eichmann's explanation was that no matter how horrible, orders had to be followed because of the SS oaths of loyalty.

MAY WRITE BOOK

Finally shaken, Eichmann begged the Israeli court—regardless of his sentence—to permit him to write a book on the pogrom "as a deterrent to the generations to come." It was an outright plea for his life.

Presiding Judge Moshe Landau sternly rebuked Eichmann and told him that, regardless of what he would write in such a book, "you will have to say it first here."

The prosecution assault had Eichmann leaping to his feet and firing back his replies. The courtroom audience erupted in such frequent outbursts that the court threatened to eject the spectators.

The SS oath, Eichmann pointed out, was: "My honor means loyalty."

"IN SAME ORDER"

"All of us were members of the same order bound to the Reichsfuehrer (Hitler) by oath," he said. "I regard violation of loyalty as the greatest crime a man can perpetrate."

"Greater than murdering six million people?" Hausner shouted.

"No, of course not. I was not dealing with extermination. Had I been ordered to do so I would have shot myself," he said.

When finally ordered to come out with his views, Eichmann faced the court, squared his shoulders and declared he recognized the pogrom as "one of the most heinous, heinous crimes in the history of mankind."

But, he said, he did not have "as much as a little finger" in a Gestapo order for his own deputy to deliver poison gas to the extermination camps.

MIND WAS CONFUSED

Hausner lashed at Eichmann with evidence that his deputy, Rolf Guenther, operated in conjunction with the special "Cyklon B" gas developed for the slaughter.

The prosecutor confronted Eichmann with his pretrial interrogation in which he said he discovered what Guenther was doing and that he hailed at him: "How am I to explain this to the head of my office. He will send me to hell."

Said Eichmann: "It is clearly obvious that my mind at that time was a well of confusion."

Then he added that his chief, Gen. Heinrich Mueller, must have assigned Guenther behind his back.

BRITISH CALL TROOPS HOME

KUWAIT (AP)—More of the British troops that were rushed into Kuwait to defend it from Iraq's annexation threat have been ordered to withdraw.

Britain ordered the pullout Wednesday of more than 1,000 commandos and several hundred other troops. Their departure will leave 3,000 of the 5,000 troops Britain rushed in two weeks ago at the request of Sheikh Abdullah as-Salim as-Sabah, Kuwait's ruler.

Kuwait told a meeting of the Arab League in Cairo it would ask for withdrawal of all British forces if Iraq drops its claims, or if the league sends Arab forces to Kuwait to replace the British.

The United Arab Republic told the meeting that, while it approves sending Arab units to Kuwait, it felt states bordering Israel—which include the U.A.R.—should keep their troops ready for any conflict with their Jewish neighbor. U.A.R. delegate Mohammed Hassan el Zayat said troops for Kuwait therefore should come from other Arab nations.

Whirling Blade Injures 11 Men

PHILADELPHIA (AP)—A whirling rotor blade broke off a helicopter being tested at the Vertol plant at International Airport Wednesday, injuring 11 workmen. A plant spokesman said the men were treated for cuts and bruises by a plant physician.

The 'copter was being maneuvered on the ground by a company pilot when the blade broke, the spokesman reported. He said the cause could not be determined pending an engineering investigation.

Vertol is a division of Boeing Airplane Co.

The Isaac Leedy family held their family reunion Sunday at the South Mountain Fairgrounds, Arendtsville.

The Gettysburg 4-H Croquetters met Monday at 10:30 a.m. at Natural Dam. Jane Lawver, president, presided at the business meeting. A thank-you from Mrs. Cline, former local leader, was read to the club. Barbara Clapper, Jane Lawver and Connie Hartman were appointed to meet with the Barlow club to plan the day-camp menu. Merial Hartman and Elaine Riffe are to make the beverage at the following meeting. Members are to bring bacon, cheese, fruit and a cup to Glenn Sterner's woods on Monday at 10:30 a.m.

Auxiliary No. 27, Sons of Union Veterans, will hold an outdoor meeting at the home of Mrs. Arthur Davies, Grandview Terrace, Monday night. A covered dish supper will be served promptly at 7 p.m. The refreshments committee, Mrs. Hazel Dillman and Mrs. Alice Wetzel, will furnish hot dogs, rolls and all table service. Anyone desiring transportation should contact Mrs. Davies.

RABINE PLANS NEW OXFORD'S FIRE CARNIVAL

Final plans for New Oxford's annual firemen's carnival were discussed by Paul Rabine, chairman, at the July meeting of the company held recently in the fire hall. The event will be held Thursday, Friday and Saturday, July 27, 28 and 29, on the grounds in the rear of the fire hall.

The 22 members present were told by Fire Chief Carl Mahone that only one fire call and 14 ambulance calls were answered during June.

The coin card committee noted that cards would be collected the week of July 17.

ENTERTAINMENT CARD

Entertainment for the carnival will be the same as in past years. Thursday evening a square dance contest will be held; Friday the attraction will be the 101 Ranch Boys, and Saturday, the Southland Playboys will furnish the music.

As usual, there will be rides for the kiddies and games for old and young, plus fine home cooked food.

All firemen are requested to meet at the fire hall beginning Monday, July 24, to assist in getting the grounds and equipment in shape for the carnival. The Ladies' Auxiliary also desires help in the kitchen.

ROB BISHOP WHILE POSING

NEW YORK (AP)—Methodist Bishop Fred Pierce Corson of Philadelphia had his picture taken Wednesday before sailing for Europe and it cost him \$300.

The 64-year-old churchman left his stateroom on the liner Queen Mary unlocked while he went to the deck to pose for photographs. While he was away a thief stole his briefcase containing \$3,400 in travelers checks, the latter of no value to the culprit.

The bishop was on his way to be installed as president of the World Methodist Council. The bishop's address for the Norway installation and some other documents which could lead the thief to reflect on his evil ways if he reads them—sermons.

Senate To Act On School Bill

HARRISBURG (AP)—A measure to spur local school districts to set up area technical and vocational schools is before the Senate for final action.

The legislation was cleared for floor action by the Education Committee Wednesday. It is the product of a study on Pennsylvania unemployment by a special legislative committee.

NATO LIMITS SOVIET BLOC STIKKER SAYS

LONDON (AP)—Dirk U. Stikker, secretary-general of the North Atlantic Treaty Organization, voiced confidence today that the Western powers can limit any aggression by the Communist bloc.

"Since NATO was founded," Stikker told a news conference, "the Soviet bloc has encroached no farther in the West. Precisely because it has been held in Europe, the threat has now taken other forms."

"The threat with which we are faced has become quite as much political and economic in nature as military," he said. "It is NATO's task now and in the years to come to meet this challenge. I am convinced that we have the military and economic strength and also the morale and the spirit and the resources to endure."

UNITED IN BERLIN

On Berlin, Stikker had this to say: "How far Mr. Khrushchev will go, nobody can say at the present moment. To my mind it is certain that the NATO alliance is united on this problem and the main thing we have to do is to make it abundantly clear to Mr. Khrushchev that he should not underestimate the cohesion of the alliance. What we have to do now is to prevent a crisis."

Stikker is in London for his first official visit since his recent appointment as secretary-general.

Shades Of Bridey Murphy Stirred By Psychiatrist

CHARLOTTESVILLE, Va. (AP)—Are there persons living today who lived another life in another body—perhaps in some bygone century?

An eminent University of Virginia psychiatrist isn't sure, but he says he has found enough evidence in a 10-year study to warrant further investigation.

For additional proof he is leaving Saturday for India and Ceylon, where several children claim to have memories of another life.

The doctor, Ian Stevenson, is professor of neurology and psychiatry and chairman of that department at the university's School of Medicine. He will work under a grant from the Parapsychology Foundation in New York.

He says succinctly, "There is some evidence that part of the human organism survives physical death." He says he is not referring to any organic part of the body, but "to what was called the soul in the 19th century."

Speaking of case studies of children who claim to have lived before, Dr. Stevenson says, "Apparent memories of this kind are fragmentary, and usually fade as the children get older. Such children usually remember from a dozen to 20 items, and these are usually scenes of strong emotional significance, such as the death of a mother or father."

Dr. Stevenson said he hopes to release a full report within a year on one such case—this one involving a woman in Philadelphia.

SHADES OF BRIDEY

He said that under hypnosis the woman undergoes a personality change and switches from English to an early form of Swedish dialect. Out of hypnosis, she speaks no Swedish at all and has no apparent connection with such a background.

If this sounds much like the famous case of the Pueblo, Colo., housewife who believed she was Bridey Murphy in 19th century Ireland, Dr. Stevenson isn't worried. He believes in the evidence produced that study, but adds it is not one of the best examples.

Dr. Stevenson said he is going to India for a seven-week visit because cases suggesting a previous existence are more prevalent here than in Europe or America. He said that perhaps the Buddhist and Hindu beliefs in reincarnation provide a favorable climate for stories of this kind.

ECONOMY HAS BRISK RISE IN JUNE QUARTER

WASHINGTON (AP)—The nation's economy advanced at an annual rate of about \$12 billion in the April-June quarter, making a brisk recovery from the winter's recession low.

On the basis of past calculations, this would mean that the gross national product—the value of all goods and services produced—reached a record annual rate of about \$512 billion in the second quarter.

However, the level of the GNP statistics is altered every July on the basis of income statistics compiled only once a year. This can result in a change, up or down, of as much as \$2 billion.

Thus, while the official GNP estimate will be about \$12 billion higher for the second quarter than the first, the figure could range anywhere from \$510 billion to \$514 billion.

Secretary of the Treasury Douglas Dillon said last month he GNP should reach an annual rate of about \$530 billion by the fourth quarter. By the end of 1962, he said, it should total about \$570 billion. That would represent an 8 per cent gain over the currently forecast level of \$515 billion for all of 1961.

Wedding

Brown—Hartlaub

Miss Joann A. Hartlaub, daughter of Mr. and Mrs. Ernest Hoke, Abbottstown R. 1, and Lewis E. Brown, son of Mr. and Mrs. Ira R. Brown Sr., Hanover, were married Saturday, July 1, at 2 p.m. in a double-ring ceremony at St. Mark's Lutheran Church, Hanover. The Rev. Edgar D. Ziegler officiated. Miss Doris Baker was organist. Attending the couple were Frederick and Betty Day, Hanover. Following the ceremony a reception was held on the lawn at the home of the bridegroom's parents, with approximately 60 guests attending. After a wedding trip through Northwestern Pennsylvania the couple will reside in Hanover. The bride attended East Berlin High School and is employed at Middleburg Manufacturing Co. The bridegroom attended Eichelberger Senior High School. He is employed by Erneo Corp.

EXPERTS PRY INTO REASONS OF JET CRASH

DENVER, Colo. (AP)—Tight-lipped federal and company investigators tried to pinpoint responsibility today for a United Air Lines DC8 jet liner landing crash that killed 17 persons Tuesday.

Of the 122 aboard, at least 50 received hospital treatment and 38 suffered minor injuries. None was in critical condition.

United imposed a complete blackout on any explanations of all seven crew members who escaped or from other company employees. UAL President W. A. Patterson, here from Chicago, refused to answer any queries from newsmen.

"NOTHING TO SAY"

Federal investigators turned aside reporters' questions with a cryptic "There's nothing to say."

Fire Chief Allie Feldman of Denver snapped back at critics who alleged there was delay in fire-fighting equipment reaching the crash scene.

"It didn't make any difference how many pieces of fire equipment we had there we couldn't have saved those 16 people," Feldman said. Those 16 passengers died in the flaming wreckage. The 17th victim was a Denver city engineer.

He was crushed when the mammoth airliner, reporting a hydraulic system malfunction, skidded from a runway at an estimated speed of 120 to 140 m.p.h. and slammed into his truck, in use on a construction project.

fore fleeing on foot into the mountain fastness.

Officers pieced together this sequence of events:

Hoover, driving westward on U.S. Highway 40, stopped to assist a motorist whose car appeared to be stalled. Hoover became suspicious after the driver failed to produce adequate identification and radioed for the sheriff and the state patrolman.

DRAWS PISTOL

The three questioned the motorist for a few minutes and decided to take him to Kremmling for further examination. They started walking to Van Pelt's car when the motorist drew a pistol and fired rapidly at Short and Van Pelt.

After wounding them, the gunman fired on Hoover, who had rolled into a roadside pit in an effort to escape the shooting.

The gunman raced away in his car, driving through Kremmling and turning southward on a road toward Eagle County.

Sheriff Henry Knuth and his undersheriff, Clark, drove northward to intercept the fleeing man. When they attempted to stop the approaching car, the Iowa auto rammed into the officers' vehicle.

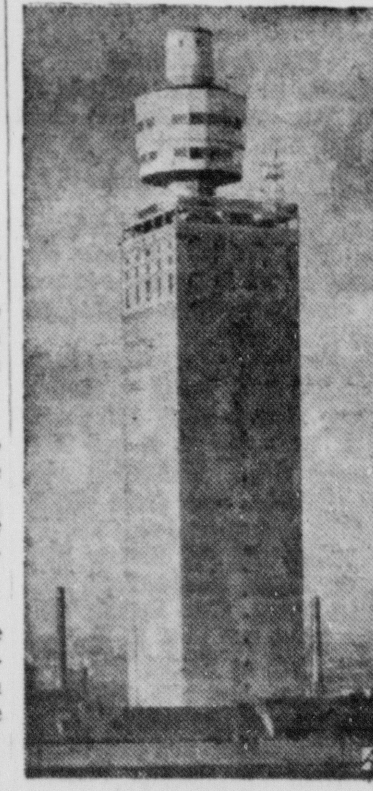

At the same time, a shot through the window struck Clark in the jaw. The gunman jumped from his car and ran into dense roadside woods.

Authority Will Meet This Evening

The New Oxford Municipal Authority will hold a meeting this evening in the borough office, N. Bolton St.

The project engineer, Lee Haines, of Tracy Engineers, said that paving of holes in the streets caused by sewer excavations are now being filled by the contractor. The work will proceed until completion, he said.

PEACH, APPLE SPRAY DATA SENT GROWERS

Two peach spray information letters and the ninth apple spray letter have been sent to county fruit growers by Adams County fruitgrowers by Adams County Farm Agent Frank S. Zettle.

In the fifth cover apple spray letter, Zettle said that some codling moth larvae are still entering apples and second generation adults are appearing. Mites are scarce but can increase rapidly in hot weather. Green apple aphids are present in most county orchards and any of the phos-

phates used in this spray will help keep these animals under control, he noted.

Sooty blotch, fly speck and fruit rots are the major diseases at this season. Apple scab is a problem in some orchards and growers should continue to add karathane in those blocks where powdery mildew is a problem.

APPLY IN 14 DAYS

For the spray, Zettle instructed, growers should apply the application 14 days after the previous spray. He cautioned not to apply the spray on early varieties that will be harvested within three to four weeks. For further information, farmers should see pages 13 and 16 in the apple and peach spray schedule for 1961.

In preharvest peach sprays Zettle wrote peach growers, each variety should be sprayed about

20 days before harvest and the process should be repeated with captan alone at five days before harvest. With mixed varieties or in wet weather, they should maintain coverage, he added. Varieties which ripen later than Elberta should receive the fungicide-insecticide application with Elberta and again about 20 days before the variety ripens.

Zettle wrote that brown rot control is important as peaches soften during the ripening process. With wet weather at bloom, blossom blight control was more difficult and blighted twigs are more common than normal in some orchards. Should wet weather develop near or during harvest, additional applications of captan will be required to maintain control. Legally, he advised, captan can be applied to peaches up to 10 pounds per acre of the 50 per cent wet-

ton, both of Biglerville.

LEARNING AND PLAY

The school age youngsters are tutored in the three R's with other subject matter being related to that instruction while the preschool kiddies have free and supervised play and a program of instruction similar to a nursery school that includes social learning. From 1 to 3 p.m. each day there is a rest period for all of the children.

The center will continue until September 1 and beyond that date for preschool children if enough are enrolled, Mrs. Boatman said.

She expressed special appreciation to the Adams County migrant committee headed by Mrs. H. M. Wagner and Thomas O. Oyler and to C. P. Keefer, county superintendent of schools and president of the Adams County Council of Community Services for their help in setting up the center and in getting it into operation.

table powder on the day of harvest. Thus, he said, should a brown rot problem threaten, sprays may be applied during the harvest period.

MOTH APPEAR

Zettle said that oriental fruit moth is present and this spray will help prevent the worms entering fruit. Mites are present in some orchards and Japanese beetles may attack early ripening varieties, other reasons for this spray.

For every 100 gallons of spray, growers should use captan 50 per cent WP for dilution at 2 pounds (concentration 6 pounds); plus in 20-day spray, A-parathion 15 per cent WP for dilution at one pound (concentration 3 pounds), and B-guthion 25 per cent WP one-half dilution (one and one-half pounds concentration).

He cautioned growers not to use parathion closer to harvest than 14 days and guthion 15 days. Where a fungicide dust is preferred near harvest, he added, captan dust 5 to 7 per cent should be used.

In blocks of mixed varieties, cleanup of fallen fruits on the early varieties will reduce the problem on later varieties.

TREE BORER CONTROL

To control tree borer on peaches, cherries, plums and prunes, the peach tree borer control spray should be applied about Monday. The second application on bearing trees should be made after harvest, and on nonbearing trees about August 14.

For each 100 gallons of spray, growers should use two pounds 15 per cent WP parathion. For the second application, the materials are the same. Zettle noted that extreme care must be taken to keep the first spray off fruit on account of residue hazard.

Growers who have used only the after-harvest spray on bearing trees, and have been satisfied with control, may continue to do so.

For application, Zettle said, growers should use moderate pressure, from 150 to 400 pounds. The spray should be applied on the trunks of the trees from the crotch limbs to the ground. The bark should be well covered as well as the soil at the base of the trees, he concluded.

ago and one a year ago. The firemen asked that those who borrowed the lights return them.

Harold Hockensmith reported the truck committee will meet July 26 at 8 p.m. at the engine house to open bids for a new pumper to replace the No. 3 fire truck. He said that the committee will report at the August firemen's meeting its recommendation based upon the bidding.

CHOOSE DELEGATES

Ten delegates and ten alternates were chosen for the annual Adams County Volunteer Firemen's Association convention August 12 at Midway. Robert Heyser was named chairman of the group which will be sent to the convention "uninstructed" concerning any of the matters to be brought before the annual session.

The delegates in addition to Heyser include Robert Schultz, Robert Redding, Harold Dayhoff, Chester Small, Ray Breighner, Eugene Sanders, G. Henry Roth, Stanley Sprinkle and Paul Woodward. Alternates are Donald Folkenroth, Donald Hammers, Martin Crabill, C. William Zhea, Ivan Breighner, Francis Smith, Glenn Harner, S. Charles Smith, Richard Finkboner and Thomas Gormley.

EAST GERMAN REGIME STEPS UP PRESSURE

BERLIN (AP)—Chancellor Konrad Adenauer said today the heavy flow of refugees into West Berlin indicates the Communist East Germany regime was stepping up pressure on its citizens.

"The refugee situation proves that condition over there have become unbearable," the West German leader told a news conference. "A panic seems to have broken out."

Refugees now cross easily from East Berlin to West Berlin and are flown to West Germany. Soviet threats to hand over more authority to East Germany have encouraged the Red regime there to demand control over air corridors to West Berlin. This would close the refugee escape hatch. West Berlin is 100 miles inside East Germany.

Within East Germany the tension over Berlin has brought a stepped-up campaign to make people support communism more actively. Party members are urged to do more grass-roots organization work.

These organizing efforts, plus food shortage of such staples as potatoes and butter appear to be major causes for refugee flight.

The Communists imposed new controls in East Berlin again today to stop the drain on their sagging economy. West Berliners hereafter can obtain services in East Berlin only by changing their marks on a one-for-one basis. A Western mark is worth 4.62 East marks in West Berlin. West Berliners have been taking advantage of the cheap East German money by getting haircuts, laundry service and the like in East Berlin.

FLEW BACK

Adenauer held the news conference at the close of a two-day stay in Berlin, his first visit to the isolated city in 18 months. He then flew through rainy weather back to Bonn in a U.S. Air Force plane. West German planes are not permitted in the corridors over East Germany.

Adenauer rejected direct negotiation between West Germany and Communist East Germany, as urged by Soviet Premier Khrushchev. He also turned down again West Berlin Mayor Willy Brandt's suggestion for a 32-nation conference on Germany, made up of Germany's wartime enemies.

The chancellor said again that a German settlement must be based on self-determination of the entire German people.

He complimented Secretary of State Dean Rusk for setting "a pattern of restraint" in the Berlin negotiations.

JULY 2 SPEECH GOES IN RECORD

The speech given here July 2 by Attorney Walter E. Alessandroni of Philadelphia, as part of the observance of the 98th anniversary of the battle of Gettysburg, has been reprinted in the Congressional Record.

Congressman George A. Goodling had the speech and his own comments on the program printed as an "extension of remarks" in the Record on July 7.

Headed: "Are We Accepting Our Personal Responsibilities?" the article quotes Congressman Goodling as saying "Mr. Speaker, on Sunday, July 2, it was my privilege to attend an annual event arranged by the fire department of Gettysburg, Pa. It was a most inspiring occasion. The Army Field Band, from Fort Meade, Md., did an outstanding job. The warm manner in which every number was received was ample indication to the members that their effort was appreciated. The chorus also did a most commendatory job and added to the variety of the program."

The principal address of the evening was delivered by Walter E. Alessandroni, Esq., of Philadelphia, Pa. Any remarks I might make would be strictly anticlimactical. Every member might well learn and take inspiration from his address, which follows." The text of Alessandroni's speech filled five columns of the Record.

PREFER JAIL TO FREEDOM

Four "Freedom Riders" who earlier agreed to stop their tour of the South in exchange for suspended fines and jail sentences changed their minds and returned to jail at Little Rock, Ark.

One of the four, the Rev. John C. Raines, 27, of Setauket, N.Y., said Wednesday night the group discussed the matter and decided that to leave would be giving up something they believed was right.

Raines said he assumed the group would begin serving six-month sentences.

Municipal Judge Quinn Glover convicted the group on breach of peace charges Wednesday but said he would suspend their six-month terms and \$500 fines if they would go home.

General's Wife Thanks All Who Helped: Mrs. Helen Dorch Longstreet, widow of the Confederate Civil War General, today expressed her thanks and appreciation to the residents of Gettysburg for their cooperation in the exercises dedicating the site for the Longstreet equestrian statue which she hopes to erect in 1942. Mrs. Longstreet prepared a long statement of thanks which is published in full.

Knox Says He Hopes We Will Not Get Into War: Washington — Secretary Knox, rounding out a year as civilian head of the Navy, expressed hope today that the policy of aid to Britain would not lead this country into war, but he added that war would be "indefinitely preferable" to a peace "accomplished by a surrender to Hitlerism."

Holy Name Will Hold York Rally On September 7: The Holy Name Societies of York, Adams and Franklin Counties will hold their annual rally in York on September 7 in connection with the dedication of the new Catholic High School there. Decision to hold the rally in York was made here on Sunday when 125 members of the Holy Name Societies met for the quarterly session of the south-eastern regional unit.

250 Hear Talk On U.S. Parks Here On Sunday: More than 250 residents of Gettysburg and nearby communities attended the first in a series of campfires held Sunday evening by the Gettysburg National Military Park at East Cemetery Hill along Wainwright avenue.

Donald E. McHenry, park naturalist at the National Capital Parks, was the speaker. He talked on the various national parks in the United States, illustrating his address with colored slides. John Doerr, also of Washington, D. C., chief of the naturalist division of the National Park Service, was in charge of the showing of the slides. He will be a speaker at a later campfire, to be held August 3, when he will have as his topic "Crater Lake National Park."

John D. Keith Rites To Be Held This Afternoon: Funeral services will be conducted at 2 o'clock this afternoon for John D. Keith, Esq., president of the Adams County Bar Association and of the board of directors of the Annie M. Warner Hospital, who died shortly before 2 o'clock Saturday afternoon. The services will be held at the residence, 218 Carlisle Street.

The officiating ministers are the Rev. Seth C. Morrow, pastor of the Gettysburg Presbyterian Church, of which Mr. Keith was a deacon, and the Rev. Dr. Harvey D. Hoover, of the Lutheran Theological Seminary faculty, a college classmate of the deceased.

\$250 Needed To Launch Play-Iot Project Soon: Equipment that will cost approximately \$250 probably will be needed to get Gettysburg's playground project underway next month it was decided Monday evening at a meeting in the YWCA of the civic group that is interested in the project.

In order to speed the collection of the funds, the work of contacting the various groups has been divided into three sections. Burgess C. A. Heiges will survey the fraternal organizations; Dr. R. S. Saby will canvass the civic groups, and the Rev. Dwight F. Putnam will contact the local churches.

Today's Talk

THOSE WHO INSPIRE US
Your day is largely shaped within five minutes after you awake in the morning.
I can remember when, upon awakening, I sprang out of bed and had the cold water dashing in my face before my eyes were fully open, I do that no more.

Upon awakening in the morning I decide upon what kind of a day it is going to be. Many times as I glance out the window just at the foot of my bed, the day looks dark and full of gloom. It is at such times that I lie still for some time and meditate upon plans for the day.

I find that if you map out your day before you face it, the program is liable to go through quite happily. For, after all "In-to-every-life some rain must fall." We might as well make the day all the happier and more useful if the elements don't feel like cooperating with us!

I have a little secret group of men and women in my heart who have ever been great inspirers to me. Every few years—very far apart—I add another, and it is this group that I so often face upon awakening in the morning.

I have the one for the rainy day, for the day of sunshine and darkness—there are always one or two for each mood.
There are a few in the group, whom I have never seen. And some, even, who are just imaginary, though very real.
Those who inspire us are the pearls and precious jewels of our existence.

When I am very much alone, I take one of these who have so greatly inspired me across the years, and have romps and talks with them. And then I am neither alone nor lonely. I am much away from myself.

How soon we would shrivel in soul without some beautiful companions in our lives to go along with us when the way grows dark and uncertain.
Tomorrow Mr. Adams will talk on the subject: "Banish The Humdrum"

Just Folks
MAN'S DUTY
If you're only cheering some one, If you make but one heart glad, Then your duty you're performing And your life's not wasted, lad. If a mother's heart beats lighter When she sees you drawing near,
Then a service you're performing On this good old hemisphere.
Do not sigh for broader talents, Or for leadership, my boy, If you know a single person Whose life you can fill with joy, Then your duty lies before you; Love the one who holds you dear,
And the Maker's work you're doing On this good old hemisphere.
Keep the wife who loves you happy, Let the baby on your knee Know the tender love of daddy; Let him grow in childish glee. Let them smile to see you coming, Through the outside world may sneer,
You're performing noble service On this good old hemisphere.

Woman Killed In Maryland Crash

LA PLATA, Md. (AP)—Two passenger cars and a tractor-trailer collided Wednesday, killing a Springfield, Pa., woman and two other persons.
Killed were Kathryn McGarrity, 68, of the Springfield, Delaware County, woman; Capt. Patrick Brennan, 80, Ventnor City, N. J.; and Francis Gibson, 51, of St. Marys County, Md. The McGarrity woman was a passenger in Brennan's car.
Police said Brennan attempted to pass a foreign car driven by Gibson. Officers said Brennan's car then collided head-on with a tractor-trailer driven by Marvin Ray of Graham, N. C., receded and struck Gibson's vehicle. Ray was admitted to a hospital in satisfactory condition.

The accident, police said, occurred on a stretch of U. S. 301 which was constricted because of construction.

15 BEAUTIES SURVIVE 1ST JUDGING BOUT

MIAMI BEACH, Fla. (AP)—Fifteen girls ranging from 34-22-35 to 37-24-36, and from student to real estate speculator, compete tonight for the title Miss U.S.A.
They are the girls who survived the first round of judging at the Miss Universe beauty pageant. Twenty-eight others seeking the Miss U.S.A. title were eliminated Wednesday night.

JUDGES HIT SNAG
The judges hit a snag at the end. They had four places left to fill and six girls to fill them: Miss Indiana, Miss Kentucky, Miss Michigan, Miss New Jersey, Miss Texas and Miss West Virginia.

After a tense five minutes of balloting, Miss Indiana and Miss Texas were eliminated.
"I'm the shortest (5-foot-3) girl in the contest. I never thought they'd pick me," said Miss West Virginia, 20-year-old Kathy McManaway of Princeton. "I thought they wanted only beautiful, long-legged girls."

MODEST DIMENSIONS
Kathy, a college junior, also has the most modest dimensions, along with Miss Michigan, who is Patricia Lynn Squires, a 19-year-old nursing student from Milan.

The Miss Universe competition will be held this year on Friday and Saturday nights.

Marlene Britsch, 21, of Claremont Harbor, Miss., moved to Mississippi from New Orleans last year and started a real estate business.
The others chosen are Florene Mayette, 20, a bookkeeper-secretary of Hartford, Conn.; Joan Zeller, 23, a model of Providence, R. I.; Alexa Currey, 22, a model of New York City; Diane Giersch, 19, a student of Red Bank, N. J.; Gail Weinstein, 20, registered technologist of Omaha, Neb.; Sharon Brown, 18, a model of Minden, La.; Elaine Cusick, 18, a bank teller of Hyde Park, Mass.; Marcia Gail Chumler, 18, a student of Mayfield, Ky.; and Pamela Stettler, 18, a student of San Rafael, Calif.

TRUCK TRAILER LENGTH BILL IS DELAYED AGAIN

HARRISBURG (AP)—Supporters of legislation raising truck trailer lengths from 35 to 40 feet were trying to keep their forces in line today for a showdown against growing opposition led by Philadelphia Democrats.
The Philadelphia delegation won a round Wednesday when they pulled a surprise parliamentary maneuver on the trailer advocates to postpone a test for another day.

HEART STOPS SESSION
The proponents of the legislation were preparing to push for a vote Wednesday when Rep. James J. Dougherty, leader of the Philadelphia delegation, grabbed the microphone and moved to adjourn the session.

"It's past my meal time and I'm not feeling good," Dougherty said. "If we stay here until 11 o'clock or midnight, you'll put me back where I was a couple of months ago."

Dougherty, 68, was hospitalized with a heart condition during the early weeks of the session.

Minority Leader Albert W. Johnson accused the Philadelphia group of stalling. But Dougherty's tactic succeeded, 103-100, with 11 Republicans supporting it. Fourteen Democrats opposed the move.

Briefs

PHILADELPHIA (AP)—Two Pennsylvania were among four scientists named yesterday as recipients of the 1961 John Scott Awards for useful inventions benefiting mankind. Honored were Dr. J. Presper Eckert Jr., of the Remington Rand Univac in Blue Bell, Pa., and Dr. John Mauchly of Mauchly Associates of Ambler. They were cited for their invention of the first large scale electronic computer which would make 5,000 calculations per second.

NEW YORK (AP)—President Vincent G. Bell of the Safeguard Corp. of Lansdale, Pa., Wednesday announced the formation of Safeguard Data Corp. as a subsidiary. Bell said the new firm will develop, make and distribute equipment to receive and prepare data for computer system input.

NORRISTOWN, Pa. (AP)—Justice of Peace Charles J. Gorman, 60, died of a heart ailment Wednesday as he was leaving the Montgomery County Courthouse.

PEDRICKTOWN, N. J. (AP)—A helicopter returning from a tour of missile sites in the area made a forced landing in Barley Field Wednesday after developing motor trouble. The three men aboard the H21, including the pilot, Chief Warrant Officer Richard P. South, escaped injury. Officials reported no damage was caused to the helicopter which is based at the nearby Philadelphia air defense command post.

SON SHOTS FATHER; GIVES HIMSELF UP

PITTSBURGH (AP)—A son fatally shot his father Wednesday night and gave himself up two hours later, climaxing an intensive hunt, police said.

Police Inspector Paul Duffy said Donald Wise, 30, of nearby Wilkensburg walked into a police station and said:

"I'm the man you want."
Duffy said Wise admitted shooting his father, John S. Wise, about 60, with a .16 gauge shotgun in the driveway at the father's home in the city's Point Breeze section. The blast struck the elder Wise in the right side of the abdomen.

HAD BEEN QUARRELING
The son, who worked with his father in the electrical contracting business, told Detective Sgt. William J. Gilmore that they had been quarreling lately about the son's demands for higher wages from the business.

After the shooting, police said, Wise drove away in a pickup truck. Police searched the eastern part of the city but to no avail.
A family friend, Fred Winegard, 63, said he located Wise in a tavern in the city's East

months ago.

Dougherty, 68, was hospitalized with a heart condition during the early weeks of the session.

The awards were presented at a joint meeting of the VFW and its auxiliary.
The organization's 42nd annual convention got under way Wednesday night with memorial services. The convention continues through Saturday.

Chief speaker for the convention banquet tonight is Robert E. Hansen, national senior vice commander of the VFW.

Whitey Ford To Get More Rest

CHICAGO (AP)—Whitey Ford, who won 16 games in the first half of the season by working every fourth day, is going to get an added day of rest between starts of the New York Yankees the rest of the year.

Manager Ralph Houk announced the change today as the Yanks arrived for the opener of a 12-

Liberty section, not far from the scene of the shooting.

MOTHER COLLAPSES
Winegard said he told Wise, "You're in a lot of trouble." He said Wise replied: "I know. I'm going to give myself up."

Then, Wise drove to the police station.
The victim's wife, Mrs. Helen Wise, collapsed following the shooting. She was taken to Pittsburgh Hospital for treatment of shock.

Lightning Kills Surf Fisherman

REDONDO BEACH, Calif. (AP)—"I expect lots of fishermen get killed," Robert M. Lindeburg said to a friend with whom he was surf casting during a thunderstorm.

Minutes later Lindeburg was dead, struck by lightning.
The friend, Lee J. Scott, who related the conversation later, said that he had agreed with Lindeburg and had suggested they go home. But Lindeburg decided to stay.

Scott said Lindeburg was fishing Wednesday with a steel pole and was barefooted. Scott wore rubber hip boots. As Scott started to leave the beach the bolt struck.
"All of a sudden I was knocked down and it felt as if my hair was frying, sort of sizzling," he said. "When I got up I wasn't hurt, just shaken."

Rutherford Loses In Golf Tourney

LANCASTER, Pa. (AP)—Betty Fehl of Reading and Mrs. Roger Hetzel of Lancaster, both of whom have won the Central Pennsylvania Women's Golf Association tournament several times, were strong contenders today to make the finals of this year's tourney.

In second round matches Wednesday at Media Heights Country Club, Miss Fehl, a six-time champion, defeated Miss Janice Seiber of Schuylkill Country Club, 3 and 2.

Mrs. Hetzel, a three time winner, beat Miss Ann Rutherford, of Lebanon, 3 and 2.

In other matches, Mrs. Dale Anderson of York defeated Mrs. Carl Gockley of Ephrata, 4 and 2, and Mrs. C. Boyd Heath of Lancaster eliminated Mrs. William Howard of East Petersburg one up. Mrs. Howard was the low medalist.

The tournament goes into its fourth day today.

game road trip tonight against the Chicago White Sox.

"The All-Star appearance threw Whitey's schedule out of kilter," said Houk, "but I already had decided he should get longer rests now that the weather is getting hotter and there are more arms available."

The major league pennant races, interrupted by a wild wind in San Francisco, pick up again tonight with the All-Star game heroes back in the pack in the National League running and the All-Star game goals on the threshold of first place in the American.

The New York Yankees, whose sluggers, Mickey Mantle and Roger Maris, contributed just one single between them in seven trips as the NL beat the AL 5-4 in 10 innings at San Francisco Tuesday in the windswept All-Star game, play at Chicago tonight and could regain the lead from idle, first-place Detroit.

New York slipped one percentage point behind the Tigers Sunday before the majors started the three-day All-Star game break.

DRYSDALE OUT

In the National, the Cincinnati Reds take a five-game bulge into the opener of a four-game series with the seventh-place Chicago Cubs at Cincinnati. The second-place Los Angeles Dodgers, with pitcher Don Drysdale sidelined by suspension and catcher Norm Sherry sidelined by injury, start a three-game set at home against last-place Philadelphia.

Roberto Clemente of Pittsburgh drove in the winning run in the All-Star game and Willie Mays of San Francisco, who batted in the tying run and scored the clincher, go back to belting against each other as the third-place Pirates play the Giants this afternoon at Candlestick Park, San Francisco's Cave of the Winds.

The other NL game sends Milwaukee to St. Louis tonight.

In the American, it's Baltimore at Boston, Minnesota at Cleveland and Kansas City at Washington.

The Yankees, 3-2 over the White Sox this season, send Bill Stafford (7-4) against Chicago and Early Wynn (7-1), the right-handed veteran who will be shooting for his 292nd career victory and sixth in a row. New York figures to have first baseman Bill Skowron back and doesn't expect to be without Mantle, who injured his wrist while batting in the All-Star game. Skowron injured his back once again in pregame practice on Sunday.

Eastern League

By THE ASSOCIATED PRESS

How's this for a past pace?

The Williamsport Grays, now in second place in the Eastern League only two games behind Springfield, have won 15 of their last 19 games and currently are on a four-game winning streak.

Their latest victory Wednesday night was a humdinger over the Reading Indians. Howie Pierson belted a two-out, three-run homer in net ninth to pull the game out of the fire, 6-5.

While the Grays have been red-hot, Springfield has been ice cold. The Giants dropped their third in a row Wednesday night to Lancaster, 10-9. During their current home stand, the Giants won only three of nine games.

In the only other action Wednesday night, Johnstown edged Binghamton 5-4, dropping the third-place Trips two full games behind Williamsport.

16 GOLFERS IN
3RD ROUND OF
PUBLIC LINKS

By CHARLES CHAMBERLAIN
Associated Press Sports Writer

DETROIT (AP)—Dick Sikes, a jobless ex-caddy, and 15 other assorted hopefuls today entered the third round of match play of the 36th National Public Links, the man on the street's golf tournament.

In addition to the 21-year-old Sikes, who plans to pass up the fall semester at the University of Arkansas if he can land an airplane factory job in Wichita, the field includes:

Len Pietras, 27, National Caddy champion in 1951 and now a service foreman in a Toledo, Ohio carburetor plant.

CONSTRUCTION JOB
Bill Kelley, 27, of Caropolis, Pa., a Trinity (Tex.) College graduate who hopes to get a house construction job in Michigan.

Elmer Clites, 46, Antioch, Calif., a machine operator in a paper factory.

John Schlee, 22, who migrated to Memphis State from Seaside, Ore., on a golf scholarship.

Jay Law, 43, is a wood-pattern maker at Harper Woods, Mich.

Frank Campbell, 35, a Leeds, Ala., insurance man, who was runnerup in the tourney at Denver in 1959.

Roy Atkins, 46, a Portland, Ore. fireman.

Jim Hughey, 21, a Memphis railroad clerk.

WILLERS IN PLAY
Bob Lunn, a fuff-faced 16-year-old son of a San Francisco policeman.

John Molenda, 22, student at Detroit Tech.

Bill Wright of Seattle, 25-year-old sixth-grade teacher, who became the first Negro ever to win a United States Golf Association title by taking the Public Links crown in 1959 at Denver.

Tom Tanaka, 43, a fire inspector at Hickam Air Field, Honolulu.

Mike Andonian, 35, high school teacher at Pontiac, Mich.

Gary Peterson, 21, University of Minnesota physical education senior.

Lou Gifford, 40, Jacksonville, Fla., a Navy commander who flew jets until assigned to shore duty last year.

EX-MARINE IS
LEADING TOPS
GOLF TOURNEY

WINNIPEG (AP)—Tony Lema, a former U.S. Marine from California, carried a one-stroke lead into today's second round of the Canadian Open Golf Championship. He posted a sizzling 5-under par 65.

Meanwhile, some of the top names in golf, including Billy Casper, Doug Ford, Doug Sanders, Dow Finsterwald and Stan Leonard, sought to recover from over-par performances in Wednesday's rain-drenched opening round of the 72-hole tournament at Niakwa Country Club.

Lema, 27-year-old from San Leandro, Calif., fired six birdies with the help of some razor-sharp approach shots and a couple of clutch putts.

ROOKIES ON HEELS

Hot on Lema's heels with 66s were rookies Bob Pratt, Houston, Tex., and Jacky Cupit, Longview, Tex., and Jon Gustin, Philadelphia. Marty Furgol and Howie Johnson, both of Lemont, Ill., were tied with Dave Hill, Denver for fifth. Each shot 67.

Bracketed at 68 were George Knudson, Toronto; Joe Tachan, Winnipeg; Bob Goaly, Crystal River, Fla.; Frank Boynton, Corpus Christi, Tex.; Mac Main, Danville, Va.; Tom Niepore, Bronxville, N.Y.; and Jerry Steel-smith, Glendale, Calif.

Big Little
Baseball Loop

Smashing out 17 hits, including four home runs, the Elks whipped the Exchange Club 13-1 Wednesday evening.

Collins, who tossed a one-hitter and fanned 15 batsmen, poled two of the Elks' home runs while J. Newman and B. Sease each cracked one. Richie Fair collected a double and two singles in as many times at bat.

Richardson accounted for the Exchange Club's lone hit when he singled in the final inning. He stole second and third bases and tabbed the Exchange's lone run when he scampered home on a passed ball.

On Friday the Exchange team meets Phillips 66.

EAST BERLIN — The East Berlin Intermediate Girl Scouts held a weekend cook-out under the guidance of Mrs. Ellen Hinkle and Mrs. John Baker at Camp Happy Valley. The Scouts worked on their outdoor cook badges, which consisted of four different kinds of cooking fires. The agenda for the weekend included: Flag ceremony, nature hikes, campfire service, a hike into Fairfield, outdoor cooking and camp sites clean-up. Attending were: Intermediates, Penny Baum, Modane Fahs, Barbara Burgard, Bonnie Lusk, Debbie Smith and Susan Stover; Fly-ups, Claire Baker and Jeanne Jacobs. Practice will be held for court of awards Friday evening at the VFW home at 7:30 o'clock. Court of awards is Monday at 7:30 p.m.

Mr. and Mrs. Howard E. Shafer and their daughter, Harrisburg St., have returned from a week's vacation in Wilkes-Barre, Pa.

Mr. and Mrs. Edwin Correll and their sons, Wilkes-Barre, visited over the weekend with William and Howard Shafer, East Berlin.

The Hull reunion was held Sunday at the home of Mr. and Mrs. Lewis H. King, R. 1, with 65 persons present. Officers for the coming year are: President, George A. Hull; vice president, L. D. Spangler; secretary, Mary Krall; treasurer, Charles Spangler. Mrs. Lizzie Hull, Water St., received the prize for the oldest and June Yohe, the youngest.

Mr. and Mrs. Sherman Krall, Water St., and Mr. and Mrs. Charles Wallace and their daughter, Susan, are spending the week at their Locomotive County cottage, Slate Run.

Acolyte at Paradise Lutheran Church Sunday was Kenneth Gruver. Altar flowers were presented in memory of Emmanuel Myers and his daughter, Mary Kathryn, by Mrs. Ruth Myers and Mrs. Albert Weaver. Bulletins were presented by Mr. and Mrs. John C. Gruver. The Union Church Study Committee met Monday evening at 8 o'clock at the church. The Senior High Luther League will hold a swimming party Thursday at Hagerman's Pool. All young people of the congregation who are senior high age are invited to attend. Cars will leave the church at 1:30 o'clock. The annual Sunday School picnic will be held Saturday in the church grove.

The bulletins at Trinity Lutheran Church are given by the Men's Bible Class for the month of July. The Rev. Harold R. Stoudt, pastor, is attending the "Institute For Advanced Theological Studies" which is continuing this week through Friday. The West Pennsylvania Conference Inner Mission is in need of good used clothing for children in this conference territory. Following are the needed items: Boys' shirts, sizes 10 through 16; boys' slacks, sizes 6 through 16; boys' socks, sizes 6 through 14; girls' dresses, sizes 6 through 12. It is requested that clothing be brought to the church by Sunday.

Mr. and Mrs. John Rosenberg and family, Chambersburg, have moved into the Anderson property, Harrisburg St.

Mrs. Cora Anderson, Harrisburg St., is confined to her home due to illness.

Sunday morning breakfast guests at the home of Mrs. Ruth Witherow, High St., were Mr. and Mrs. Roy Marchant and their children, Gonzales, La.; Mrs. Laura Sites and her children, Vandenberg Air Force Base, Calif., and Mr. and Mrs. Elmer Miller and their family, East Berlin.

One hundred ten descendants of David Witherow held their annual reunion at Taneytown Saturday. In the absence of the president, Harold Linebaugh, Ralph Witherow, Rochester, N. Y., presided at the business meeting. Janet Phillips, Littlestown, was chosen to head the clan for the ensuing year. Other officers are: Vice president, Leroy Harner; secretary, Jane Witherow Miller; treasurer, Nellie Feesser, and historian, Mary Wantz. Prizes were awarded to: Oldest, Irvin Black, Gettysburg R. 1; youngest, Lynn A. Witherow, R. 6; newlyweds, Mr. and Mrs. Mansfield, New York; tallest, Frederick Schuster, Rochester, N. Y. The program for the afternoon included a skit, "At The Ball Game," by Dane Kennell and Susan Kessler; song, "Be Careful Little Eyes What You See," Marjorie Witherow; a poem, "What Makes Little Boys Dear," Stephen Witherow; readings by Ruth Kessler and Jane Miller. Relations were present from: Winston-Salem, N. C.; Sheridan, Ark.; Rochester, Hornell, Holly and Holcomb, N. Y.; Arlington, Va.; Philadelphia and the local area.

Giants, Yankees

Best In Overtime

NEW YORK (AP) — Maybe the New York Yankees and San Francisco Giants should receive additional pay for working overtime. They have the best major league records in extra-inning games.

The Yanks, only one percentage point behind Detroit in the American League pennant race, have won four overtime games and lost two for a .667 mark. The Giants have four victories, only one setback and one tie to head the National League with .800 figures compiled by The Associated Press disclosed today.

SQUAD NAMED TO STAR TILT

Managers Paul Sherwin and Don Waters, of the Emmitsburg Cardinals, will begin drills for their Little League all-stars Friday evening at 6:30 o'clock at Little League Field in preparation for first round play in the National Little League tourney. The Emmitsburg stars will play Sykesville in Frederick on July 24.

Selections announced today by the managers of all four teams are: Pat Topper, Martin Williams and Forrest Knipple of the Yanks; Kerry Hewitt and Mike Byard of the Giants; Denny Hess, Steve Wivell, John Sherwin and John Waters of the Cards; Harry Hahn, Ray Baker, George Baker and Charles Shorb of the Red Sox.

Additional practices will be held Saturday and Sunday at 1:30 p.m. All members of the all star squad are urged to be prompt in attendance.

Pitching selections have not yet been made, but Sherwin and Waters have an outstanding array of hurlers in Hewitt, Hahn, R. Baker, Hess, Sherwin, Wivell and Williams. They are also stacked with fine catchers and the league's home run power.

A decision has not yet been reached as to whether the game will be played on the National or American League field in Frederick.

Bishop Shehan Is Named To Baltimore

The Most Reverend Lawrence J. Shehan, D.D., bishop of Bridgeport, Conn., has been named coadjutor-archbishop of Baltimore with the right of succession to the Most Rev. Francis P. Keough, D.D., archbishop of Baltimore. The announcement of the appointment of Bishop Shehan by Pope John XXIII was made by apostolic delegate in Washington.

A native of Baltimore, the 63-year-old prelate was educated at St. Charles College, Catonsville, and St. Mary's Seminary in Baltimore where he obtained a B.A. in 1918 and an M.A. in 1919. From 1920-23 he attended the North American College in Rome from which he received a doctorate in sacred theology. Following parish work in Washington, D. C., he was appointed auxiliary bishop of Baltimore in 1945. He was named to the Bridgeport See in 1953.

Archbishop Shehan is familiar to the Emmitsburg area. Early in his career he spent several months at Mount St. Mary's College recuperating from illness and was a frequent visitor there during his service as auxiliary bishop.

JAYCEES HOLD DINNER DANCE

Dr. John J. Dillon Jr., professor of English at Mount St. Mary's College, will be the guest speaker at the Emmitsburg Junior Chamber of Commerce first annual past president's banquet this evening at 7 o'clock in the VFW annex.

George McDonnell and Donald Eyer, the Jaycees' two past presidents will be honored. State Jaycee president Warren Siroh will attend the affair and speak briefly.

Dancing will follow the banquet and Jaycees have been urged to bring at least one guest.

The Jaycees have been active through the past three years in civic affairs, having recently concluded a car safety check as a part of their program. They were instrumental also in building up interest in the recent town elections in which two of their members, J. Edward Houck and John Hollinger Sr., were elected burgess and town commissioner respectively.

WASHINGTON (AP)—The President's 7-month-old son, John F. Kennedy Jr., now owns two silver rattles which also can be used as whistles.

The versatile toys were the gifts of President Ayub Khan of Pakistan, here for a state visit. The Kennedys' daughter, Caroline, 3, received a big Pakistani doll.

For President Kennedy the state visitor brought two Pakistani rugs, and for Mrs. Kennedy a painting of a Pakistani woman.

LOS ANGELES (AP)—A United Air Lines DC7 carrying 85 passengers and a crew of five made a routine landing at International Airport Wednesday night despite a disabled nose wheel.

Capt. Robert Langdon, the pilot, said a tire blew out as the four-engine plane took off from Denver after earlier stops at Milwaukee and Cleveland. The flight, UAL's 119, originated in New York.

"She couldn't believe it," he said. "The guilty one has to be found. They should be brought to justice."

The Benfields have one other daughter, Sister Margaret William of St. Clements Convent in Philadelphia. They also have a 17-year old son, Wayne.

Meanwhile, state police reported they had found no suspects in their investigation so far.

Police Chief John Lagaz, who lives across the street from the Benfields, said it was his opinion that someone picked up Jane in a car, molested and killed her, then dumped her body on the mountain.

The girl had been the object of a widespread search conducted by police, firemen, Boy Scouts and the Civil Air Patrol. A Centralia fireman found the body.

He said his wife, Margaret, believed Jane had been abducted.

TEEN-AGE GIRL IS MURDERED BY SEX FIEND

CENTRALIA, Pa. (AP)—Jane Benfield would have been a freshman in high school next year. Her ambition was to be a nurse like her mother.

Today, the 13-year-old girl is dead, the victim of a brutal attack by an unknown person.

Jane's body was found Wednesday night on Artists Mountain about a half mile north of this tiny Central Pennsylvania mining community. Her clothes were badly torn. She was severely beaten about the head. Dr. Otto Miller, the Schuylkill County coroner, who was called in on the search, said she had been sexually attacked.

Early today, J. R. Brobst, the Columbia County coroner, said a preliminary autopsy showed that the girl had died of a fractured skull caused by a severe beating.

WAS DELIVERING JELLY

Jane left home shortly before noon Tuesday to deliver a jar of jelly her mother had made to a neighbor who lived four blocks away. She was being a Good Samaritan like her mother but she never reached the neighbor's home.

"When I came home from work," said William Benfield, the girl's father, "and she wasn't home for supper I knew something was wrong. I called police about an hour later."

Benfield, a 50-year-old building construction employee who works in Danville, Pa., about 25 miles away, said the brutal slaying has shaken the community of 1,400. The community never had experienced such a shock before.

Benfield said Jane, a brown-haired, hazel-eyed girl, never stayed out late. He said he had imposed a nine o'clock curfew on her.

He said his wife, Margaret, believed Jane had been abducted.

HAYDEN SAUCE IS DANGEROUS FDA DECLARES

WASHINGTON (AP)—The Food and Drug Administration has warned that Hayden's Hollandaise sauce could cause food poisoning.

The FDA Wednesday advised consumers to destroy any of the sauce they might have on hand and said dealers should stop selling the product. Shipments are being seized at several points across the country.

The FDA said 25 cases of food poisoning have been reported by the Los Angeles city health department and that the produce in California has been quarantined.

ASK RECALL

FDA Commissioner George P. Larrick said the manufacturer has been asked to recall the product—a cream sauce used mostly on vegetables—from the market.

The maker of the sauce is Hayden's Hollandaise Inc., of College Point Flushing, N. Y. In New York, Joseph Buch, the firm's attorney, said it had been in business for some 30 years and that there was "never any incident like this." He said the company had received no report of the FDA analysis.

The FDA said that records of the sauce firm showed that shipments had been made to distributors in several cities including the following in Pennsylvania: Carnegie, Hazleton, Chester Heights and York.

Fire Crews Hope To Halt California Brush Blazes

YOSEMITE NATIONAL PARK, Calif. (AP)—Fire fighters today hoped to contain two of California's largest brushland fires of the season, barring more hot winds that have aggravated one of the state's worst droughts in history.

The fire advance slowed five miles from the Bass Lake resort, just off State Highway 41, the year-round route into Yosemite.

Crews were slowly drawing lines around blackened 63,000 acres of brushland that flank this famed Sierra vacation spot.

TOWNS SAFE

Towns threatened by flames were apparently out of danger.

The largest fire, which centered about 15 miles south of the park, has burned 38,000 acres, consumed two mountain villages and trapped and killed a couple fleeing in their car.

Dean Schlobohn, State Division of Forestry dispatcher at Fresno, was optimistic.

NEED SOME RAIN

"If we get a little rain, without the winds, we should be able to control this fire in two days," he said.

Forty miles to the northwest, fire fighters made progress with a blaze that began in Calaveras County Sunday and raced south into Tuolumne County, covering 25,000 acres.

Nature helped the fire batlers as winds died down, but a human menace plagued them.

ARSON INVOLVED

An arsonist set two brush fires Wednesday near Jamestown. The blazes consumed hundreds of acres but no buildings, a forester said.

The large fire flared up Tuesday, burning the Madera County communities of Nipinnawasee and Ahwahnee. Only a few buildings were left standing.

Only known casualties were Mr. and Mrs. George Kipp, both in their 60s, who were burned to death in their car on a mountain road as they fled Ahwahnee.

COMMUNITY AID

Forestry officials said most of the uncounted evacuees were taken in by residents of nearby communities.

State Division of Forestry dispatcher John Gookin said the new blazes in the boulder-strewn Jamestown area were quickly contained, but predicted fire fighters will have a hard job in extinguishing them.

He said a pyromaniac has plagued the area for several years.

AL LOPEZ MAY QUIT BASEBALL

TAMPA, Fla. (AP)—Al Lopez, veteran baseball player and manager who has spent 36 of his 52 years in the game, said Wednesday he may retire at the end of this season.

However, in an interview with Ralph Warner, Tampa Tribune sports columnist, Lopez said he didn't know what it would be like to "be out of the game."

When asked directly if he planned on retiring, he answered: "Could be."

Lopez, pilot of the Chicago White Sox, has been a manager 13 years.

The Tampa native started playing professional baseball as a 16-year-old catcher in the Florida State League. He spent 18 years as a major leaguer before becoming a manager.

In Chicago, the Sun-Times said it had contacted Lopez in Florida and quoted the White Sox manager as saying: "I don't know where he (Warner) got it."

Lopez said he told Warner he's not worrying about next year because he has a contract which runs through 1961 and "I'll finish the season before making any decisions."

Taneytown

TANEYTOWN—The solicitation committee of the Taneytown Fire Company reported \$1,500 had been collected to date at a recent meeting of the company held in the fire hall. The report is not yet complete, the committee said.

An ambulance salesman was present for the meeting and spoke to the group about a new ambulance. He quoted various prices for Cadillacs, Oldsmobiles, Pontiacs, Chevrolets and Fords, ranging from \$13,000 to \$8,000.

Three fire and nine ambulance calls were reported for the month. Three new members were also accepted at the meeting.

The annual picnic will be held August 17, it was announced at the meeting.

Fire Chief Miller, a delegate to the recent state firemen's convention, reported that next year's session will be held in Hagerstown.

The company announced that in a few weeks they will hold an evening of games each Friday and Saturday evening at the carnival grounds.

POWDER PUFF DERBY HIT BY BAD WEATHER

BY DORMAN CORDELL

ATLANTIC CITY, N. J. (AP)—A plane crash in which no one was injured and continuing bad weather have thrown more snags into the powder-puff derby.

On Wednesday, for the first time in its 15-year history of the coast-to-coast air race for women, the original deadline had to be pushed back 24 hours—to 1 p.m. today.

By sunset Wednesday, only 10 of the 97 planes in the San Diego, Calif.-to-Atlantic City Derby had crossed the finish line, and of those one was disqualified by bypassing two mandatory stops.

TWO ELIMINATED

In addition, two of the world's top women aviators were eliminated from the race when their plane crashed in a field a few miles from the Lynchburg, Va., Airport.

Mrs. Teresa D. Vasquez of San Diego was the pilot of the Beechcraft Bonanza. She is a dynamics engineer for the Convair Corp.

Mrs. Vasquez was accompanied by Miss Grazia Sartori of Rome, who is considered one of Italy's outstanding women fliers.

DOWNED BY FOG

Thick fog and clouds forced the plane down between the Blue Ridge Mountains and Lynchburg. The two women were shaken up but otherwise unhurt. They were to spend the night in Lynchburg and proceed to Atlantic City by commercial airliner.

Bad weather for the second straight day hampered many of the aircraft, which were grounded at Montgomery, Ala., and Jacksonville, Miss.

Among the arrivals thus far, the team of Mrs. Elizabeth J. Hall of Oroville, Calif., and Mrs. Zoe West of Willows, Calif., continued to hold first place in the unofficial stands.

The team disqualified Wednesday was that of Mrs. Barbara Kiernan of Boston, Mass., and Mrs. Barbara Evans of Manhattan, N. Y. They arrived late Tuesday, coming directly from Dallas, Tex.

Competing aircraft in the race are given handicaps and the winner is not determined by who finishes first but by the amount of flying time required considering the capability of the plane.

Of the Piper Comanches in the race, three have finished. The other nine are still on the course.

CONTRACTS ON SCHOOL WORK AND SUPPLIES GIVEN BY BOARD

The board of directors of the Littlestown Joint School System awarded contracts for supplies at the July meeting held on Tuesday evening at the high school on Maple Ave.

Richard A. Maitland, chairman of property and supplies committee, made the following recommendations, which were adopted by the board: The grand stand on the Memorial Field to be repaired and repainted at material cost of \$137; Renner's 66, low bid on two new and three recapped tires for buses for \$270.37; I. H. Crouse and Son, low bid for combination gas and oil burner for the Maple Ave. School, \$1,990; Harrisburg Paper Products, low bid for paper towels and tissue, \$539.25, and Roberts and Meek, low bid on general school supplies, \$2,650.

Lloyd E. Crouse, chairman of the building committee, noted that the northeast wing of the junior-senior high school in Rolling Acres is expected to be completed by July 25 when final inspection will be made.

C. Aaron Rohrbach, new board treasurer, reported June receipts of \$37,219.93 and June expenditures of \$38,237.89.

TEACHERS STUDYING

The report of the supervising principal, Paul E. King, revealed that Lloyd L. Stavelly, Frank E. Basehoar and John H. Riley, of the faculty, attended the Tri-County Summer conference; that the following teachers were taking special courses this summer: Mrs. Rachael Barley, Sorbonne, in Paris, France; Miss Dorothy Crabbs and Kenneth Reinaman, Pennsylvania State University; Ronald W. Hall, Millersville State College; Donald B. Kump, Shipensburg State College, and Robert Musser, University of Michigan. Three teachers, who have served for two years as temporary employees, have been recognized as professional employees and have been certified by the county office as follows: Kenneth Reinaman, Donald Kump and Mrs. David Greenlund.

The school bus report revealed that the nine buses traveled 62,561 miles during the 1960-1961 school term and the total expense of operating the buses for the year was \$16,840.45.

Bills and salaries were approved for payment by the board. Members in attendance included Clair Arter, George Worley, George W. Strevig, Lloyd E. Crouse, Wilbur E. Mackley, Rex Maddox, John W. Schwartz, Glenn E. Bowers, C. Aaron Rohrbach, David S. Kammerer Jr., Wade H. Brown, Richard A. Maitland, Karl P. Bankert, Fred H. Hartlaub, Stanley Wolfe, Bernard Murren, Secretary Henry E. Waltman and Supervising Principal Paul E. King.

GET BUILDING REPORT

The building and planning committee for the new junior-senior high building met prior to the regular session of the joint board on Tuesday. Present were Lloyd Crouse, chairman, Glenn Bowers, George Strevig, Mr. King, principal, and William Knight, architect.

Mr. Knight gave an inspection report as follows: The final inspection of sections one and two will take place on July 24. The general contractor has tile floor to complete, and vinyl work and minor jobs such as hardware are being completed. The plumbers have sinks to install in the home-making and science rooms; to install water closet seats and clean-up. The heating contractor work includes grills, vinyl top over heater, needs to install a fume hood fan and clean-up. The electrician has to do wiring in the kitchen; program bells and fire alarms, a few fixtures to install and clean-up.

In Section 3A, the workers are cleaning the floor, installing seats and putting vinyl around the wall. The art room is mostly finished and flooring has to be installed in the music room. The gym floor needs to be sanded; walls and ceiling are being painted; electrician has to install lights and bleachers need to be installed. The office area has been 50 per cent completed; painted, ceiling and light fixtures are in. The burner was checked today. Maitland Brothers started base macadam on driveways, roadways and curbs are 60 per cent completed.

CALL CENTER'S

(Continued From Page 1)
increasing complexity of the center's operation with the addition of more and more duties to the person on duty.

Observing that "not once have any of our volunteers failed in the operation thanks to their ability to think quickly," Weaver added: "But each time a volunteer took over he found something new had been added to the operation. As a result, the volunteer coming in once a month for an evening of service was being called upon to assume more responsibility than he should have to undertake on a purely voluntary basis."

Basically a Civil Defense operation, the Quick Call center contains the alarm system which will notify the county in event of any state or national Civil Defense alert. As part of those duties, the operator of the system is notified when any fire or ambulance equipment moves in the county so as to be aware at all times of where the different equipment is in event of emergency. The operator also dispatches the local ambulances and next month will also have that duty in relation to Biglerville and York Springs ambulances.

DUTIES EXPANDING

At present, all fire calls for Gettysburg, Barlow, Greenmount, Bonneville and Cashtown are given through the center and in the near future Fairfield, Biglerville, Arendtsville, Bendersville, Aspers and York Springs fire calls are to be channeled through the Quick Call center.

In addition, a number of alarm circuits from industry and business channel into the center and more are anticipated.

And in addition any type of emergency call, for police, fire, ambulance, etc., comes to the center because of its continuous operation and the person on duty must locate and secure the proper service needed as a result of each call.

Bids were opened for tractors and mowers as follows: Lawn and Golf Supply Company, 1, \$5,448; 2, \$2,315, model G tractor; 3, no bid; 4, \$1,776, five-gang mower; John Deere Sales and Service, John Deere model 101 tractor, \$2,285; Melvin J. Sheffer Inc., International tractor model 240, \$2,250; mower bid Ideal, \$1,300; mower bid Ideal, \$1,650. Further study is being made preparatory to recommending letting contracts. The committee also recommended approval for change order H-1 to amount of \$527 for a fume hood in room 2-213.

WILHELM, JAY ERA LEADERS

NEW YORK (AP) — Joey Jay, largely responsible for Cincinnati's rise to the top of the National League, is the circuit's earned run leader at the season's halfway mark.

The 25-year-old right-hander, obtained from Milwaukee last winter, has allowed only 39 earned runs in 132 innings for a 2.66 average, figures compiled by The Associated Press showed today.

Hoyt Wilhelm, Baltimore's relief specialist, striving for his third ERA title, boasts the lowest mark in the American League —2.07. The veteran knuckleballer has worked 78 innings while giving up 7 earned runs. The leaders are based on 75 or more innings.

Jay has become one of the Reds' mound aces with a 12-4 won-lost record. The 6-4, 225-pounder has completed 7 of his 17 starts with 2 shutouts.

RAINS WRECK BRITISH OPEN

BIRKDALE, England (AP) — Paul Runyan of LaJolla, Calif., shot a 77 and Frank Stranahan of Toledo, Ohio, an 81 as the early starters in the second round of the British Open Golf Tournament trudged through the dying gasps of a summer storm.

Thousands of dollars worth of damage was done to the clubhouse and the course during the night by the heavy rains and terrific winds. Hundreds of workmen started clearing the course of debris at daybreak to make it fit for play.

Stranahan, who had a 75 in Wednesday's first round, was the only early starter to break 40 on the out nine where par is 36. His card today was 39-42-81. Runyan registered 41-36-77. He also had a 75 Wednesday.

The high school on Tuesday night. It was announced that the total assessed valuation of property in the community, for school tax purposes, is \$1,810,130. Names and property were added to the tax duplicate.

Routine business was transacted and bills were ordered paid. As is the annual custom, the school account was transferred from one local bank to another, this year from the Littlestown State Bank and Trust Company to the Littlestown National Bank. Directors in attendance with President Bankert were Richard A. Maitland, Lloyd E. Crouse, Henry E. Waltman and Wilbur E. Mackley. The board will meet again on Tuesday, August 8.

Stainless Steel Prices Raised

WASHINGTON, Pa. (AP)—Jesse Steel Co. today hiked the base price of certain chrome-bearing stainless steel from 5 to 7 per cent.

The specialty steel producer blamed rising costs for the increase and indicated prices on other stainless grades also may be increased in the future.

Frank B. Rackley, president of the firm, declined to discuss what other stainless grades were under study for possible price changes.

"It is safe to say that it is very, very doubtful that there will be any price cuts," Rackley said. "Costs are simply getting out of hand and we've got to make adjustments."

Reds Warned By DeGaulle Of War Threat

By ANDREW BOROWIEC

PARIS (AP)—President Charles de Gaulle said Wednesday the West will never let the Soviet Union settle the fate of Berlin alone "as if the three great powers had no rights there."

The French leader in a television speech warned the Soviets they are creating a crisis over the former German capital that threatens the peace of the world.

De Gaulle charged the Soviets with calling for peace "while formulating requirements which threaten to put it in danger."

"The Soviets are renewing their threat of unilaterally settling the fate of Berlin... if Washington, London and Paris do not give up the present status of the town as required by Moscow," he said, and then warned: "I declare once more, there is no chance of this being accepted."

REDS ARE BLAMED

He further warned the Soviet Union it must bear the full responsibility for any "grave consequences" of a crisis over Berlin. At the same time he called for an atmosphere of true cooperation and coexistence in which "a problem like that of Germany would lose much of its bitterness and might, at some moment, be considered objectively by the interested powers."

De Gaulle told his own people that France must speedily purchase modern arms to replace the World War I weapons that most of her forces have. Starting in September, he said, the length of French draftees' military service will be cut by an unspecified number of weeks, and funds thus saved will be used to modernize the army.

Legislature May Recess To Survey Opinion On Education

HARRISBURG (AP)—Legislative pressure mounted today for an extended recess allowing lawmakers to sound voter sentiment on a proposed education improvement program.

The problem centered on possible revenue programs to pay the \$28 million price tag put on the improvement plan by a House-Senate select committee on education. The House Republican caucus agreed Wednesday that it wanted time to take the program proposals back to home districts to find out if voters favored additional taxes for education.

THREE WEEKS FOR REVIEW

The Democratic caucus voted to give authority to its select committee members to go along with any tax plan outlined to cover the \$28 million. But the action reportedly came over the protests of some members who said their constituents would not back additional taxes for public schooling.

Republicans said they would need three weeks to a month to review the program at the grass roots level.

"The decision of the caucus was that we are not for or against the program," said Rep. Albert W. Johnson, House GOP floor leader.

TO TEST PUBLIC

"We want to go home and test grass roots sentiment on whether an improvement program is desired by the people," he added.

He said GOP lawmakers would hammer the point that the proposed program would cost more than \$28 million after the upcoming school year. As projected, said Johnson, the program would cost an additional \$60 million for the 1962-63 school year and \$179 million in the 1963-64 school year.

Earlier in the week the Senate Republican caucus said it would consider a tax program to pay for education improvements, but ruled out Gov. Lawrence's two proposals—either a 1 per cent tax on the gross value of intangible personal property (out-of-state stocks, bonds and mortgages) or a 2 per cent levy on income from those sources.

Either plan would cover the \$28 million plan proposed for the coming school year.

Though the House scheduled a meeting for today, the Senate adjourned Wednesday until next Monday.

Bakers' Walkout Ends In Pittsburgh

PITTSBURGH (AP)—Some 500 bakers are back at work at four Pittsburgh bakeries today after a new two-year contract ended a 12-day walkout.

The contract, agreed to Wednesday, gives the bakers a 10-cent increase in their hourly wage scale for the first year and another 10-cent raise on July 1, 1962.

The workers are members of Local 12, American Bakery & Confectionary Workers Union. They struck July 1 following expiration of their old contracts with Ward Baking Co., Baur Brothers, Braun Baking Co. and the bread division of the National Biscuit Co.

The new pact also calls for a one-cent hourly increase in management's contributions to a health and welfare fund.

MOST MAIL FOUND

DENVER, Colo. (AP)—A postal inspector says the United Airlines jet plane which crashed Tuesday carried 235 pounds of mail and about 210 pounds were recovered.

Schoolman Gets 3rd Highest Pay

CHICAGO (AP)—Benjamin C. Willis, superintendent of Chicago public schools since 1933, today ranks as the nation's third highest paid public official.

The 59-year-old superintendent Wednesday was voted a new four-year contract at a salary of \$48,500 a year by the Board of Education.

His new salary, a raise of \$6,000 annually, places Willis behind President Kennedy who draws a \$100,000 annual salary and Gov. Nelson Rockefeller of New York who gets \$50,000. Gov. Otto Kerner of Illinois is paid \$30,000 a year and Mayor Richard J. Daley receives a salary of \$35,000 a year.

Willis, who began his teaching career in Maryland, was superintendent of schools in Yonkers, Buffalo, N.Y., before coming to Chicago.

5 SELECTED AS ALL-STARS

Littlestown baseball fans will be especially interested in the all-star game of the South Penn baseball League on Friday at 8 p.m. under the lights of Memorial Field. Five local players were chosen as follows: Robert Weaver, pitcher; Albert Snyder, catcher; and Dean Yealy, shortstop, the first team, and Clyde Crouse, first base, and Paul Sullivan, third base, second team.

The game will match the all-stars of the southern division of the league. In pre-game ceremonies, Robert Krichen, league president, from Brantstown, will introduce the players. In case of rain, the game will be postponed a week to July 21.

A brief business meeting of Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars, was held on Tuesday evening at the post home, W. King St., with Commander Walter S. Mehring in charge. Plans were made for attendance at the state convention in Pittsburgh, which began today and continues through Saturday. Local veterans attending the convention are: Charles F. Bridger, Elmer W. Gall, James Kuhns, Bernard Kuhns, James H. Bancroft, Edgar W. Wisotzkey and Earl J. Weaver. Routine reports were heard. The post will meet again on Tuesday, July 25.

The Ever Willing Class of St. John's Lutheran Church had an outing in connection with the monthly gathering on Tuesday evening. The group enjoyed swimming and a picnic supper at Hershey Heights, near Hanover, and games followed in charge of Mrs. Ruth Strevig, Mrs. Lois Millard and Mrs. Shirley Renner.

Preliminary plans were discussed for the annual class trip and Mrs. Gladys Eyer and Mrs. Janice Myers were appointed to present ideas and set a date for this event. Mrs. Viola Badders, class teacher, will serve as the cheer committee for the next six months. The next regular meeting will be held on Tuesday, August 8, outdoors in the church picnic grove. The food committee includes Mrs. Harriet

MIDAS SKY SPY IS WHIRLING OVER RUSSIA

POINT ARGUELLO, Calif. (AP)—A Midas satellite equipped to detect hostile missile firings was circling the earth every 2 hours and 40 minutes today in a record-breaking orbit that repeatedly takes it over the Soviet Union.

Midas III, the first in the missile-alarm series to be launched from the West Coast, carries infrared equipment which can spot rocket exhaust.

The rocket—a big Atlas booster topped by an Agena second-stage vehicle—blasted off at 8:12 a.m. Wednesday from this Navy missile base adjacent to Vandenberg Air Force Base.

Air Force officials were jubilant, since the high altitude and circular orbit will permit the spy-type vehicle to scan wider areas.

The same officials were firm, however, in refusing to issue progress reports on the satellite. All they would say was that Midas III's first pass over the Soviet Union would take place five hours after launch and that it would be in scanning range of Soviet missile sites in the Ural Mountains six hours later.

Ultimately, a network of sky scouts is expected to double the present 15-minute radar warning time of missile attack.

TOWED WHALE DIES IN THAMES

LONDON (AP)—A one-ton whale invaded London by speeding 60 miles up the busy Thames River Wednesday but got tangled in reeds and died.

The 14-foot mammal—a rare female specimen of the lesser Portuguese whale—slipped through the heavy river traffic to get 13 miles upstream from London Bridge.

Trying to evade a motor launch as the tide ebbed, she ran aground near Kew. A group of men came to the rescue, found she was injured and hauled her back into the river.

Spouting water, the whale sped away while police in a launch waved off boats and tried to maneuver her toward the open sea. But the whale got caught in reeds and died after the police launch dragged her free.

LISBON, Portugal (AP)—The Naval command at Lourenco Marques, Mozambique, announced today that 259 persons perished in the explosion and burning of the Portuguese ship, Save, near Qualimane, Mozambique, Saturday. There were 290 survivors. The 2,037-ton coaster was driven ashore by a storm, then torn by explosions in her cargo of dynamite, and finally burned.

Creatures think at different speeds. It may take a full second for a thought to pass from one side of a large jellyfish to the other. But a nerve impulse races through the brain of a cat at the equivalent of more than 100 yards a second.

George Washington was a renowned host. He once compared his home, Mount Vernon, to "a well resorted tavern, as scarcely any strangers who are going from north to south, or from south to north, do not spend a day or two at it."

Nearly half of all the citizens of Kansas live on farms. The state's rural population percentage is one of the highest in the United States.

8 TOBACCO HARVESTERS ARE KILLED BY LIGHTNING

By PHIL CORNER

CLINTON, N.C. (AP)—The farm workers were in the field harvesting tobacco when a typical summer shower started.

The workers, all nine of them, sought refuge in a nearby barn, as they had done before, leaving the cut leaf under a shelter, planning to return to their tasks after the shower ended.

For eight of them, there was no return.

BODIES UNMARKED

A bolt of lightning smashed down the barn door, seared across the damp ground and cut them down in an instant, leaving no mark on their bodies.

Several other people in the barn were unhurt.

Among the victims was the sharecropper couple operating the simple farmstead, Oscar and Annette Cottle. Another was a 70-year-old Negro woman. The rest were teenagers.

LONE SURVIVOR

The lone survivor from among the nine was Eugene Daughtry, 16, who was hospitalized for shock. "I guess I was mighty lucky," said the strapping Negro youth.

"I had my head against one corner," he went on, "and I saw the lightning when it came in. Something seemed to hit the back of my head. Then I heard the thunder, and that's all I remember."

The door was knocked off its hinges by the lightning bolt, but the barn was otherwise hardly damaged.

Polio Cases Down To Very Low Level

WASHINGTON (AP)—The Public Health Service reports "a remarkably low level" of polio cases in the United States so far this year. But it cautions against overoptimism.

There were 237 polio cases in the first half of the year. There were about twice as many in the first half of 1960—469—and more than four times as many in the first half of 1959—1,026.

This is the time of year a distinct increase in cases is expected. Eighteen new cases—eight of them paralytic—were reported from 11 states for the week ended July 1.

A weather disturbance in the Atlantic could provide a quick test for the new camera-carrying Tiro III hurricane-hunter satellite.

The 285-pound satellite rocketed into orbit Wednesday to photograph and perhaps discover the cause of tropical storms. Within hours, the Miami Weather Bureau reported a disturbance southeast of Puerto Rico, 400-600 miles east of the Lesser Antilles.

Above-normal shower activity, clouds and moderate winds were reported from the area. Weather officials said over-all conditions were not favorable for hurricane development, but Navy hurricane patrol planes were to make a thorough aerial investigation.

OVER STORM ZONE

A Tiro project officer said Tiro III probably would pass across the disturbance zone today and there was a possibility its two television cameras would obtain pictures of the potential storm.

A Thor-Delta rocket boosted the meteorological satellite into an orbit ranging from 460.74 to 506.32 miles above the earth. It circles the globe once every 100 minutes.

On its first pass, Tiro III transmitted 35 pictures showing cloud cover formation over Newfoundland, the Gulf of St. Lawrence and the St. Lawrence Valley region.

DISAGREE ON CHANGES FOR U. S. ELECTIONS

WASHINGTON (AP)—The chairmen of the two major political parties urged Congress today to retain the Electoral College.

But they disagreed on other changes in the method of electing presidents.

Chairman John M. Bailey of the Democratic National Committee called for a constitutional amendment to prevent electors from deserting the candidate to whom they are pledged.

Chairman William E. Miller of the Republican National Committee urged the adoption of a plan by which electors would be chosen by congressional districts, with two being named at-large in each state.

The two chairmen reached one major point of agreement in separate testimony prepared for the Senate Constitutional Amendment subcommittee.

Both proposed that when no candidate gets a majority of electoral votes and the election has to be decided in Congress that all members of the Senate and the House be permitted to vote. Such contests now are settled in the House, with each state delegation having one vote.

Quiet, Analytic Dean Rusk Lets Kennedy Do Talking

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The one thing above all others which distinguishes Secretary of State Dean Rusk from his famous predecessor, John Foster Dulles, is his quiet, almost academic, tone.

It is too soon to even guess at whether Rusk will be a successful secretary because so far he has traveled pretty much within the shadow of President Kennedy, letting him make the tough statements, and the big ones.

It also is too soon to know whether this is the way Rusk prefers to operate or whether Kennedy requires it. But what's true of Rusk so far has been true of all of Kennedy's cabinet officers. The President does the main talking.

DULLES ASSERTIVE
From the very beginning Dulles asserted himself in positive, and even belligerent, tones. In this he apparently had the full approval and confidence of President Eisenhower. Dulles was foreign policy.

He was in office only seven days when, on Jan. 27, 1953, he made a nationwide TV talk which was flamboyant, harsh and in a very real sense undiplomatic. These qualities showed up repeatedly for the rest of his time in office.

They seemed not so much a reflection of his personality as the expression of a clearly thought-out philosophy in running foreign affairs.

MADE HEADLINES
Dulles made headlines in his time with far-fetched statements—like "massive retaliation" and skidding around the brink of war. But after watching the present secretary for almost six months this writer can't think of a single Rusk statement that has become identified with his name.

Rusk provided a pretty good insight into his day-by-day conduct—or so it could be interpreted—with the statement he made this week before an audience in the National Press Club.

It was, pretty much, typical of all his statements so far.

COHN ANALYST
He chastised the Communist world for keeping the trouble pot boiling and then spent the rest of his time in a calm analysis of why the Red and the Western world were in the pot. It was intelligent, well-organized, and

detached.
But it may be along time before any deeper insights into Rusk—either on his toughness or his astuteness—are possible if only because under this administration all the decisions appear to be made after White House consultation.

Oddly enough—at least at first—any toughness in Rusk is apt to show up in his dealings with American allies before it does in dealing with the Russians, since this much can be taken for granted.

If he sits down to negotiate with Russian Foreign Minister Andrei Gromyko, neither reason, intelligence nor persuasiveness on Rusk's part will be a deciding factor. The Soviet line is laid down in the Kremlin beforehand.

In meeting with Allies, Rusk, as the American representative, is in a better position to be both forceful and influential.

DANE MAY BE OFFICIAL DOG

HARRISBURG (AP)—The spotlight shifted to the House today in the continuing legislative drama of the Great Dane's bid for the title of official Commonwealth dog.

After weeks of indecision, parliamentary maneuvers and even lobbying by Fido himself, the Senate Tuesday approved a bill to vest the Dane with the title.

When the final 29-17 vote was announced, a roar of approval went up from senators who appeared relieved that they had passed the matter on to the House.

GETS RESPONSE
Passage sparked a spontaneous response from Mrs. Henry Piersol of Swarthmore, who has been promoting the bill since 1949. She bussed Sen. Martin D. Silvert, D-Philadelphia, on the cheek—a gesture of thanks for Silvert's insistence that a vote be taken.

The Senate also passed and sent to the House a bill that would create an anthracite mine law study commission to study statutes relating to the industry (50-0).

Passed and sent to Gov. Lawrence was a bill to set up a seven-member oil and gas conservation commission in the Department of Mines and Mineral Industries (50-0).

STRIP MINING BILL IS DEAD

HARRISBURG (AP)—The Administration's chances of having its proposed strip mine reclamation regulations enacted this legislative session were all but gone today.

Sen. John J. Haluska said Tuesday night he wouldn't support the legislation in its present form and wouldn't even bring it to a vote of his committee on local government.

The committee currently is holding public hearings on the legislation.

The Cambria County Democrat declined even to say whether he would accept any compromise on the issue.

Furthermore, he declared that he has advised Gov. Lawrence of his position.

As chairman of the committee, he could kill the bills by figuratively sticking them in a pocket and forgetting them.

He has said repeatedly in the public hearings that he has an open mind on the bills, which would increase the amount of the earth operators must restore in their abandoned coal pits.

at the Carroll County Agricultural Center, according to George A. Grier, planning commission director. The ordinance, which has been in the hands of the commissioners since April, would require public hearings before the establishment of junk yards, public or privately owned airports or landing fields, target or rifle shooting ranges, explosive manufacture or storage, trailer camps (subject to various conditions) and used car lots.

Other provisions include set backlines and off-street parking. Persons interested in the complete provisions are invited to stop at the county office building to obtain copies of the ordinance.

MOTHERS ARE GAMBLERS FOR HIGH STAKES

By HAL BOYLE
NEW YORK (AP)—I'd hate to be a mother.

When your hard-up neighbor down the street wins \$356 on a daily double racetrack bet, he is hard enough to live with.

In one afternoon he has gone from the poor mouth to the rich mouth.

SUDDEN CHANGE
The morning found him reluctant to recognize his own virtue. The evening finds him unable to resist the temptation to denounce his government—dispraise his taxes. The money he has won has made him an authority on everything.

I'd hate to be a mother because she is like the gambler who won a daily double. It changes her whole outlook, too.

She gambled on a small investment and her reward as a winner is a moist bundle of maybe 7 pounds or so of crying human protoplasm. It is wet at both ends and dry probably only in the middle. And it stays that way month after month.

Life is full of laughter, but for

The year before she becomes a parent she is eager to discuss such intellectual questions as whether the earth would be better if Picaso had got stuck in his blue rather than his pink mood, or if Dr. Albert Schweitzer and Tennessee Williams could shake hands across the distance.

DAY AFTER
But the day after she becomes a mother she becomes a tigress.

A hundred thousand or more infants may be born on a single day, but her world is instantly concentrated to the squirming kingdom of newness.

Day after day she reduces herself (by enlargement) trying to make this dewy glob into a person. She has to curb its normal, strident, gluttonous, wide-mouthed appetite for self-indulgence into discipline and acceptance of the aims and rights of others. She has to escort it sensibly and sensitively from yearning to learning to earning.

ALWAYS DIFFICULT
It is a hard and always difficult and often lonely and sometimes heart-breaking task.

The reward: If she does a good job—and microbes or war don't ruin her effort—the darn thing goes off on its own, leaving her to start its own family. If she does a bad job, it complains with the breath she gave it to object against the life she conferred.

Fatal Shooting Ends Argument

BROWNSVILLE, Pa. (AP)—A 24-year-old Fayette County man was shot and killed by his younger brother early today, state police reported.

Officers said Paul Francis Kennedy died instantly of a bullet wound in his temple at the family home in nearby Grindstone.

His brother James, 21, was taken into custody. He is being held at Fayette County Jail pending further investigation.

The pair had been arguing, police said.

BETTER GAMBLERS

Perhaps that is why women make the best mothers. They are much better gamblers than men.

Men bet themselves against now, and not always willingly. But most women are eager to stake themselves against eternity, gambling on a finer issue.

Weary MacArthur Hailed Everywhere As Liberator By Grateful Filipinos

WEARY MacARTHUR — By **JOHN RODERICK**
YOKOTA AIR BASE, Japan (AP)—General of the Army Douglas MacArthur bade a sad farewell to his beloved Philippines Wednesday and flew here for an overnight stop on his way home. The doughty old soldier arrived from Manila after a 10-day sentimental visit to the island country that saw his most memorable triumphs after bitterest defeat. It was a glorious return for the aged warrior, but one touched with sadness. Everywhere Filipinos hailed him as the liberator of their country. They wept when he predicted that because of his age he would never again return.

It was a touching, moving farewell at Manila's International Airport as MacArthur stood solemnly erect in a driving tropical rain and saluted during a final 17-gun salvo in his honor. A crowd of 1,000 stood silently to bid their wartime hero a last goodbye. Many women sobbed unashamedly. And many men wept quietly as the giant U.S. Air Force jet plane took off.

MacARTHUR WEARY
The general was weary from his visit. It had carried him from Manila to Lingayen, where he returned with his forces to begin the liberation of Manila in 1945, to Leyte, Cebu and Iloilo, wartime battle sites he had made famous. But he was elated and overjoyed at the tremendous reception after an absence of 15 years. Wearing his famous crushed military cap and a freshly pressed tan uniform, MacArthur told the Filipinos they are "now a nation of gladness and good will. You

are a bright light shining in a cloudy, troubled world. I am sure merciful providence cannot fail to protect this gem of the Far East." He thanked them "for a wonderful reception to an old soldier and his sweetheart wife."

GARCIA SPEAKS
President Carlos P. Garcia said: "I am sure that the emotion-packed crowd that greeted you everywhere you went will attest to the sincerity and the magnitude of the Filipino people's gratitude and love for you and your beloved Jean."

Garcia asked MacArthur to tell Americans: "We Filipinos always forgive an enemy, but we never forget a friend." MacArthur made his way to the plane as the army band struck up "Old Soldiers Never Die." Crowds surged around him to touch him, to shake his hands, once more. The general turned around as he went up the ramp, took one long, last look, and waved.

HOUSE WATERS TOUGH RULES IN DRUG CODE

HARRISBURG (AP)—A new drug code for Pennsylvania was all but scrapped Tuesday night. The House voted to strip from the proposal its toughest regulations, leaving only a shell of a bill ready for a final vote.

"About the only thing that's left is the title (identification) of the bill," lamented Rep. H. J. Maxwell, D-Westmoreland, its principal sponsor.

WATERED DOWN
In the face of opposition, Maxwell himself sponsored the amendments watering down the bill. He said it was his only chance to salvage what was left.

The amendments removed all discretionary power of the secretary of health to regulate drugs. They also limited the proposed code to prescription drugs. Opponents claimed that the original proposal would have given the health secretary undue powers to say what drugs could be sold and also would have prohibited sale of common household remedies such as patent medicines and cough syrups except in pharmacies.

CLAIM DISTORTION
Maxwell said these claims were distortions.

Meanwhile, the House voted to revise the formula under which the boroughs, cities and townships' shares of \$30 million from the state's seven-cents-a-gallon gasoline tax is distributed.

The present formula gives more weight (60 per cent) to mileage—as against population—a factor which is to the advantage of the less populous rural areas.

EQUAL CONSIDERATION
The revision, sent to the Senate, would give population and mileage equal consideration.

In other action, the House: Approved (109-90) and sent to the Senate a bill that would permit holders of beer licenses to exchange them for liquor licenses, regardless of quota restrictions.

Dilworth Clamps Down On Favors

PHILADELPHIA (AP)—Mayor Richardson Dilworth has prohibited all city employees under his jurisdiction from accepting any gifts or favors which "might reasonably tend to influence" them in doing their jobs.

The mayor's order, issued Tuesday, applies to some 25 thousand city workers. The formal order came as the result of a recommendation by the special watchdog committee headed by Dean Jefferson B. Fordham of the University of Pennsylvania Law School. The committee was set up as a result of the Frankford elevated line scandal.

Dilworth has fired five city employees, including former Treasurer George Di Lauro, for taking gifts from Eli G. Travis, a contractor on the repair work for the el.

Offer Post Office Park Lease Bill

HARRISBURG (AP)—The state would be authorized to lease land in Valley Forge State Park for a new U.S. post office under a bill introduced Tuesday night in the House.

Republican Reps. William H. Ashton and Joseph P. Ujohal, Chester County, and Morton H. Fetterolf and Herman B. Willard, Montgomery County, submitted the bill.

The proposed that the state lease the land to the U.S. Post Office Department for 20 years, with an option to renew it for an additional 20 years.

Pakistan President Laughs At Reenactment Of Battle

By LEWIS GULICK

MOUNT VERNON, Va. (AP)—The colonial life and drum corpsmen pulled their musket triggers and out spat smoke with a loud roar. A photographer near the line of fire waved a white handkerchief in mock surrender. And Pakistan's President Mohammad Ayub Khan laughed and laughed.

The reenactment of Revolutionary War military maneuvers by an Army unit — decked out in cocked hats, wigs, scarlet coats and white knickerbockers — was a scene from early American life staged for the Pakistani chief Tuesday night at George Washington's home overlooking the Potomac River 15 miles from the capital.

Mrs. Kennedy was impressed by the state dinner at Versailles during the Kennedys' visit in France. She wanted to make similar use of a place belonging to America's history.

SPECTACULAR
Tuesday night's American response to Versailles was spectacular.

The Kennedys started off the evening by ferrying their guests downstream aboard four yachts. Refreshments and music aboard during the 1 1/4-hour cruise kept the party-goers entertained.

After the boats docked, the guests didn't have to scramble up the long pathway from the wharf to the plantation house climbed by millions of tourists. Limousines carried them up a roadway lined by a Marine honor guard.

It was at this point in the festivities—when the party first gathered at plantation house—that

the 3rd Infantry's Fife and Drum Corps from nearby Ft. Myer put on its show of military life in George Washington's days for the benefit of Ayub, a military man.

DINNER AND CONCERT
Then the guests went out on the spacious lawn with its Potomac view. As dusk closed in, they dined under a special green tent pavilion on a French menu served on golden service brought from the White House by Army truck.

The last act of the evening was a performance by the 74-piece National Symphony Orchestra in an adjoining area of the insect-treated rolling green. Then the guests returned to their boats, reaching Washington after 12:30 a.m.

Kennedy and Ayub exchanged toasts in Washington's honor.

Claim Woman Was Prisoner 10 Years

GENOA, Italy (AP)—Police held a German baron and his Italian woman friend today on charges of keeping an aged princess a virtual prisoner in her luxurious home for nearly 10 years and fleeing her of more than \$80,000.

The accused are Baron Walde-mar von Hoyningen-Huene, 45, owner of a dental appliances firm in Genoa, and Luigia Zanetti, 53. Their victim was identified as widowed Princess Carolina Casaretto Borghese, 78.

The baron was charged with violating an Italian law against subjecting another person to one's will. He was also charged with

STRANGE FARM HELPS NEEDY TURN CORNER

By BILL HARRISON

PETALUMA, Calif. (AP)—They feed the cows white bread; they pay the farm hands nothing. Need fathered these practices and the strange farm itself — the simple, stark need of empty stomachs aching for food. But the farm produces far more than food. Its richest return is in human spirit.

The farm hands, most of them, had taken an economic beating in San Francisco, 50 miles to the south. In comeback tries they'd met only closed doors, averted eyes and "sorry, no."

BAD LUCK

The reasons the men hit bottom? The bottle sometimes. Plain bad luck in many cases. They hadn't been in California long enough to qualify for official aid. That left them San Francisco's skid row or its fringes, and one free meal a day at the St. Anthony dining room.

Father Alfred Boeddeker, Franciscan priest who founded and directs St. Anthony's, says the farm grew from the needs of the dining room.

FOOD FOR DINING

When a woman asked him to find someone to run a 10-acre farm five years ago, an inspiration hit Father Alfred. Why not buy the farm and raise food for the dining room?

"You've been a farmer?" the surprised woman asked. Father Alfred, born in San Francisco 57 years ago, has been a scholar — his studies included two years in Rome—a teacher, a pastor, never a farmer. But neither had he run a dining room before he was assigned to the St. Boniface parish in 1949.

So the farm was bought. "For a song," Father Alfred says without giving figures. It proved too

stealing jewels belonging to the princess and embezzling \$80,000. Luigia was charged with complicity.

York Springs

MRS. F. E. COULSON

YORK SPRINGS — Members of the York Springs Fire Company are asked to meet at the fire hall at 7:30 p.m. tonight to participate in a fire drill. Ambulance dues may be paid to the assistant secretary, Robert Megomel.

Mr. and Mrs. Ivan Leer and two daughters of Long Valley, N. J., are visiting the former's mother, Mrs. William Leer, and other relatives.

Glenn Fogle, Pittsburgh, visited William Coulson Monday. They are students at Anderson College, Anderson, Ind. W. Hockenberry, Carlisle, another student, visited him on Tuesday.

Mr. and Mrs. Norman Cirna and children, Alice and Joyce Ann, Calif., recently visited Mrs. Josie

small and its clay soil too poor to help much.

BUYS OTHER FARM

But Father Alfred still felt the idea was sound and the Franciscans bought a 65-acre ranch nearby "for another song, compared to its worth."

At the dining room, men often ask to go to the farm.

They go if there's an opening. They stay a day, a month, a year or much longer. To go or to stay is entirely their decision, and a ride back to the city is available almost daily on the farm supply truck.

NO SERMONS

The men get three meals a day, a bed, tobacco and personal necessities such as soap and razor blades. Like the dining room, the farm has no fees, no questions, no sermons. And there is no salary for chores.

The seller of the larger farm, John Messer, stayed on at a salary to supervise the growing dairy herd, now 230 head including calves. There's also a paid foreman on each farm.

The cows, mostly Holsteins, are fed bread instead of bran mash. Why? Stale loaves hauled from city bakeries cost \$24 a ton; bran runs about \$74. The cows thrive and their production stays up.

Father Alfred says already 300 men have gone from the farms to outside jobs.

2 PHARMACY DEANS REFUTE FLOOR CHARGE

PHILADELPHIA (AP)—Lynwood F. Tice, dean of the Philadelphia College of Pharmacy, has denied charges by State Sen. Benjamin R. Donolow, D-Phila., that he "ruined the education of more than 10 youngsters" by blocking their transfers to other schools.

And Dr. Joseph Buckley, a pharmacy professor at the University of Pittsburgh, Tuesday answered similar charges by Donolow with the reply that "we have no hold on our students."

Tice said he couldn't recall ever denying a request for a transfer.

ANSWERS SPEECH

"I have no idea what he means," said Tice, in answer to a speech by Donolow on the Senate floor. In the speech Monday Donolow sought the appointment of a five-member committee to investigate Pennsylvania colleges and profes-

sional schools.

The York Springs WCTU group met Monday evening in the York Springs Church of God. The theme was "Christian Citizenship." Patriotic hymns were sung and prayers offered in behalf of the nation. The leader of L.T.L. group is Mrs. Fadenrecht and Mr. Fadenrecht is the leader of the Y.T.C. group. The group reorganized with the following officers: President Mrs. Gerald Blocher; vice president, Mrs. George Howe; treasurer, Mrs. Grover Smith; secretary, Mrs. Edgar Leer; flower mission and relief, Mrs. Edgar Smith; publicity, Mrs. Josie Miller. The offering amounted to \$5.67. It was decided to meet the second Friday of each month.

John Boyer and daughters, Ruth and Grace, Melbourne, Fla., were recent visitors of Rev. and Mrs. Donald Roemer, Mrs. Roemer's father and a brother, Boyd Boyer, also visited. They were enroute to his home in Ashtabula, Ohio.

Thad Keefe is a patient in the Polyclinic Hospital, Harrisburg, where he was admitted following a heart attack.

Father Of Negro Leader Injured

PHILADELPHIA (AP)—The Rev. Martin Luther King Sr., 61, Atlanta, Ga., father of the Negro integration leader, was one of six persons injured Wednesday in a collision on the Penrose Ferry bridge in southwest Philadelphia. He was taken to Methodist Hospital with a leg injury.

Rev. King, pastor of Atlanta's Ebenezer Baptist Church, was a passenger in an airport limousine which was in collision with an automobile on the bridge leading to center city from International Airport. He was on his way to the home of the Rev. Marshall L. Shepard, a member of City Council.

The limousine was operated by Herbert Barringer, 56, Philadelphia, and the automobile by Charles Schick, 42, also of Philadelphia.

All were treated at hospitals.

ART EXHIBIT

The fourth art exhibit at the Totem Pole Playhouse in Caledonia State Park this season will present the oil and water color work of Fred Boss of 1933 Lincoln Way East, Chambersburg. Boss is a graduate of Indiana State Teacher's College and has been a resident of the Caledonia area for the past six years, during which time he became the art instructor at the Scotland School for Veterans Children.

Donolow had charged Monday that a "secret agreement" among a number of professional schools and universities in the states "has literally placed the young students of our Commonwealth in serfdom."

Donolow said Tice "ruined the education of more than 10 youngsters because of personal reasons only—not because of marks and not because of behavior but because they wanted to transfer from his institution."

Donolow said he understood that the University of Pittsburgh and Temple University also were controlling transfers.

Tice said he couldn't have blocked any transfers because he didn't have such authority. He said the faculty acts in these matters.

RUSK LISTENS TO BOLD PLAN OF BRAZILIAN

WASHINGTON (AP)—A young Brazilian economist met with Secretary of State Dean Rusk Wednesday to present a bold plan aimed at solving one of the biggest problems in Latin America—development of the sprawling and poverty-stricken Brazilian Northeast.

Already there have been rumblings of revolt from this drought-parched area twice the size of Texas where 18 million peasants back a bare existence as sugar plantation laborers. Nearby lies the fertile and unexploited Amazon River basin.

Celso Furtado, 40, director of Brazil's Northeast Development Agency, hopes to bring together the untapped riches of the Amazon and the hungry unemployed of the dusty Northeast.

His five-year \$900 million development plan for the area calls for the resettlement of almost a million people in the virgin lands of the Amazon and a large scale assistance program for the rest of the region.

Keeper Of Brothel Is Sent To Prison

HARRISBURG (AP) — Bessie Jane Jones, 64, of Carlisle, pleaded guilty in federal court Tuesday to evasion of income taxes and received a prison sentence and a lecture from the judge.

Judge Frederick V. Follmer, before sentencing the defendant to a year's imprisonment and a probationary period of five years, lectured her on the evils of prostitution.

Mrs. Jones' attorneys had said her income was derived from operation of a house of prostitution in the old college town of Carlisle. She failed to pay taxes on \$87,706 deposited in a Carlisle bank from 1954 through 1958.

Jay Walker Wants Dexterity Medal

VAN NUYS, Calif. (AP) — C. Philip Noren of Van Nuys reluctantly mailed in his fine for a jay-walking ticket.

But he didn't like it. "I strongly deny any such interference (with traffic)," he wrote Tuesday. "At my age, 70, shouldn't I be given a medal rather than a ticket for my dexterity in sprinting?"

ANGOLEME, France (AP) — Like any boy, 12-year-old Jacques Ducluzau loved fire engines.

Tuesday the firemen took Jacques along to a brush fire. It was the biggest thrill of his life.

Returning to the fire station, the engine missed a curve and smashed a tree.

Six firemen were injured. Jacques was killed.

Adenauer Makes West Berlin Visit

BERLIN (AP)—Chancellor Konrad Adenauer flew to threatened West Berlin Wednesday for his first visit in 18 months to demonstrate close links between the Communist-surrounded city and West Germany.

East Germany's controlled press called the visit a provocation. Shortly before Adenauer arrived German Protestant leaders yielded to Communist pressure and cancelled plans to hold part of a church rally next week in East Berlin.

Adenauer was greeted at Tempelhof military airfield by his election campaign opponent, West Berlin Mayor Willy Brandt.

LIST DEAD IN PLANE CRASH

DENVER (AP) — These were the dead in Tuesday's crash of a United Air Lines DC8 jet at Stapleton Airfield:

Jason Gale, 10, of Torrance, Calif.

Dr. E. A. Williams, physics professor at University of California, Santa Barbara, Calif.

MANCHESTER, England (AP) — Soviet spaceman Yuri Gagarin, who was once a foundry worker, received a gold medal from British amalgamated foundry workers Wednesday and was made the union's honorary member No. 1.

"Although I'm doing a different job now, I'm still a foundry worker at heart," the 27-year-old cosmonaut said.

Gagarin arrived in London Tuesday to attend the Soviet trade fair.

LONDON (AP) — Actress Elizabeth Taylor flew off Wednesday to the Soviet capital with her husband, Eddie Fisher, a hairdresser and four movie officials.

Miss Taylor will attend a film festival now under way in the Soviet capital.

Italy Accuses Austria Of Inciting Violence

By EUGENE LEVIN

ROME (AP) — Special guards patrolled Italy's international railway lines Wednesday against new attacks by terrorists from South Tyrol after a series of crippling blasts prompted Rome to accuse Austria of inciting violence.

The aroused Italian government tightened its watch on travel across the Austrian frontier and announced it would protest to Austria against Tuesday's bombings, which sent electric power pylons crashing across four of Italy's five international lines and delayed traffic up to nine hours. No one was injured.

Patrols with trained dogs moved along the railway tracks on the lookout for new attacks. They also sought clues to the authors of Tuesday's dynamitings, which oc-

curred far from the disputed South Tyrol in a blow aimed at Italy's \$800 million tourist trade.

GUARD AUSTRIAN EMBASSY

Guards were posted at the Austrian Embassy in Rome and consulates in other Italian cities but there were no demonstrations.

Premier Amintore Fanfani's government announced that both Italians and Austrians entering Italy from Austria will be required henceforth to have passports and visas and Italians must have visas to enter Austria from Italy. Identity papers have sufficed until now.

Austrian officials in Vienna protested the border-tightening measure as unnecessary and "contrary to the spirit of European collaboration." Austrian Foreign Minister Bruno Kreisky said his govern-

Mummasburg

MUMMASBURG — Recent visitors at the home of Mr. and Mrs. Clyde Wilson and family were Mr. and Mrs. George Schisler, Baltimore; their son, Donald, a priest in New Orleans, and their

ment will place the dispute before the United Nations again unless Italy agrees on peaceful means to settle the issue.

Italy indicated that until Austria replies to its protest it will not carry on any more discussions with Vienna as requested by the U.N. General Assembly last fall.

Austria claims the South Tyrol, which it had to cede to Italy after World War I, is being Italianized and that only full autonomy can protect the rights of German-speaking South Tyroleans. Italy has rejected the charges and accusation. Austrian Foreign Minister Bruno Kreisky said his govern-

two daughters who are nuns, Sister Gladys of Lansdale and Sister Regis of Reading. Mrs. Schisler is a sister of Mrs. Wilson.

Mrs. Ida Harman, Mr. and Mrs. Glenn Heller and Harry Harmon attended the funeral in Marietta Saturday of Mr. and Mrs. Thomas D. Wilkinson who died as the result of an automobile accident. Mrs. Wilkinson was a sister of Mrs. Harmon.

Mr. and Mrs. Harold Martin and family visited at the home of Mr. and Mrs. Clarence Myers and family, Hershey.

Mr. and Mrs. Dwight Rinehart and daughter, Linda, spent several days at the home of Mr. Rinehart's brother and sister-in-law, Mr. and Mrs. Paul Rinehart, and family, and of the Rineharts' mother, Mrs. Eliza Rinehart, Gouglersville.

Lawrence Dyer was indicted in Amarillo, Tex., for violating the Dyer Act, banning traffic in stolen vehicles.

FRIDAY FARE
Stuffed fish always looks impressive and tastes delicious.
Baked Fish Baked Potatoes
Harvard Beets Green Salad
Fresh Fruit Beverage

BAKED FISH
2 whole fish (about 2 pounds each), 1/4 cup butter or margarine, 1/2 cup hot water, 1 tablespoon instant toasted or fine-grated fresh onion, 1/2 cups herb-seasoned dry bread stuffing, paprika.

Have backbone of each cleaned fish removed. Melt butter in the water with the onion over low heat; add stuffing and mix well. Spoon into fish cavities; skewer each fish in a couple of places. Place on buttered foil in a shallow roasting pan; dot with extra butter; sprinkle with paprika. Bake in hot (425 degrees) oven, basting a few times, for 25 minutes or until fish flakes easily. Makes 4 to 5 servings.

Butterscotch Cookies
Soft Drinks

BUTTERSCOTCH COOKIES
1 cup sifted flour, 1/4 teaspoon baking powder, 1/2 teaspoon salt, 1/2 cup nonfat dry milk solids, 1/2 cup butter or margarine, 1/4 cups dark brown sugar (firmly packed), 1 teaspoon vanilla, 1 egg and 1 egg white, and 1/2 cup (about) finely chopped nuts.

Sift together the flour, baking powder and salt; stir in the dry milk, Cream butter and sugar; beat in the vanilla and whole egg. Stir in dry ingredients. Chill. Form into balls, using 1 tablespoon of the mixture for each. Place several inches apart on greased cookie sheets; press down so cookies are thin. Brush with egg white; sprinkle with nuts. Bake in moderate (350 degrees) oven until browned - 6 to 8 minutes. Makes about 6 dozen.

RAINY NIGHT SUPPER
If your family likes this type of soup, you may wish to keep the makings for it on your pantry shelf.

Creele Pantryshelf Soup
Egg Salad French Bread
Cantaloupe Cup Cupcakes
CRELE PANTRYSHELF SOUP
1 can (10 1/2 ounces) condensed tomato soup, 2 cups clear chicken or beef broth, 1 can (12 ounces) whole-kernel corn, 1 can (15 1/2 ounces) cut okra, 1 tablespoon

instant toasted or fine-grated fresh onion, 1 teaspoon sugar, 1/2 to 3/4 teaspoon dried crumbled thyme, salt and pepper.
Turn all the ingredients except salt and pepper into a large saucepan including the liquid in the corn and okra cans. Simmer to blend flavors and heat thoroughly. Add salt and pepper to taste. Makes 6 servings.

Broadway Has New Champion

NEW YORK (AP)—"My Fair Lady" is Broadway's new long-run musical champion.

The show racked up its 2,213th performance at today's matinee, breaking the mark set in 1948 by "Oklahoma!"

One more peak remains to be scaled by the Frederick Loewe-Alan Jay Lerner show: The international musical record of 2,238 performances, set by "Chu Chin Chow" in London in 1916. That mark will be reached by "My Fair Lady" on Aug. 3.

Since opening March 15, 1956 at the Mark Hellinger Theater, the musical has grossed 16 million dollars and earned a profit of 8 million on its \$403,000 investment.

R. R. OFFICIAL Juvenile Drivers Under Motor Code

HARRISBURG (AP) — A bill making juvenile drivers subject to the state's vehicle code was approved Tuesday night by the House, 185-14.

At present, drivers between the ages of 16 and 18 charged with highway violations are referred to juvenile courts.

The new plan would submit them to the same punishment as adult violators, except that they would not be required to go to prison for nonpayment of fines. The proposal would apply to common highway violations.

The measure goes back to the Senate, where it originated, for agreement on House revisions.

Halt Suspension On Radar Charge

HARRISBURG (AP) — The House voted Tuesday night to put a halt to suspension of Pennsylvania motorists for out-of-state speeding convictions based on radar evidence until radar becomes legal in Pennsylvania.

The vote was 198-3. The measure now goes to the Senate.

Such a moratorium had been included in the state's radar bill, which is to become law Sept. 1.

Family Food Facts

July is National Picnic Month and a popular month for family vacations. Picnics and vacations help explain the popularity of outdoor eating, reports Tom Piper, Penn State Extension Market- ing Agent.

Retail food store managers recognize the popularity of outdoor eating. This week they will feature round, T-bone and sirloin steaks with ground beef in meat sales. Cooler weather of recent days is prompting some markets to feature fore-quarter roasting beef this weekend. Broiler-fryers, small turkeys and smoked hams also appear in the good buy category.

The production of fishery products is heavy during July and provides an excellent selection of fish and shellfish for summertime meals. Shrimp, clams, and crab meat share the plentiful supply condition with scallops, sea bass, fish sticks and portions.

Nature never takes a holiday. Large supplies of fresh fruits and vegetables are coming to market... bargains expand seasonally.

BUY FRUIT NOW

Local raspberry harvesting has passed its peak and harvest of the tart cherry crop is underway. Homemakers who plan to can or freeze a supply of these fruits should place orders now.

The season's first Transparent and Lodi apples are arriving at local markets, carrying the usual first-of-the-season high prices. Summer apples are noted for their cooking qualities; special dessert treats will be in store for local families as supplies of summer apples increase.

Supplies of citrus fruits are coming primarily from California. Lemons are in good supply, grapefruit is about over for the season, and the Valencia oranges will be slightly higher in price. Blueberries, sweet cherries, bananas, cantaloupes and watermelons are reasonably priced; watermelons will cost more because new melons are larger in size. First-of-the-season high prices prevail on nectarines, plums, peaches, grapes and the short supply of pineapple.

Salad greens, cabbage, green beans, peppers, cucumbers, lettuce and new potatoes will be included in the list of good buys at the produce counter this weekend. Sweet corn, onions, and tomatoes remain at generally unchanged price levels but promise to be lower in the next few weeks when local production will reach the market. Broccoli, carrots and celery quote at higher prices.

Tomato products, fruit cocktail, tuna fish and coffee are grocery items in plentiful supply and eligible for feature promotion at economy prices.

R. R. OFFICIAL SEEKS MERGER

WASHINGTON (AP) — New York Central Railroad officials say other railroads also might be profitably included if Central is permitted to combine with the Baltimore & Ohio and Chesapeake & Ohio railroads.

President John W. Barriger of the Pittsburgh and Lake Erie Railroad, a Central subsidiary, testified to this Tuesday in an Interstate Commerce Commission hearing.

C&O seeks to take control of the B&O system, New York Central opposes this and wants either to take over the B&O itself, or to merge with the B&O and C&O.

Barriger testified he had "no doubt" that the Western Maryland, the Reading and Jersey Central will ultimately be brought into the combination. He predicted "spectacular savings" could result from such a merger.

Barriger said he felt the Erie-Lackawanna would not fit into the picture but should become part of a second "balanced competitive system" in the East.

Pa. Medical Care Bill To Pass House

HARRISBURG (AP)—The House is expected to give speedy approval to a plan of financed medical care for Pennsylvanians over 65 years of age.

The Senate passed the legislation by a 50-vote Wednesday. It was returned to the House for an agreement in minor amendments.

If signed into law, the bill would enable Pennsylvania to participate in the federal Kerr-Mills Act passed by Congress last year.

The federal government and the Commonwealth would share in the expense of the medical care program.

ure now goes to the Senate.

Such a moratorium had been included in the state's radar bill, which is to become law Sept. 1.

EICHMANN IS UNYIELDING UNDER ATTACK

By THOMAS A. REEDY
JERUSALEM, Israel (AP) — Adolf Eichmann swore Wednesday that statements of six SS officers naming him the arch-executor of the Nazi slaughter of the Jews were lies.

Eichmann rejected even Foreign Minister Joachim von Ribbentrop's declaration that Eichmann was the "expert" on Jewish affairs.

The defendant, on the stand for the 16th day, stubbornly refused to bend under Atty. Gen. Gideon Hausner's barrage of cross-examination questions.

SHIFTS BLAME
One by one, Hausner confronted Eichmann with testimony from his own former colleagues, some

now dead, and Eichmann shot back:

"They all tried to shift the blame to someone else, to me."

The prosecutor first got Eichmann to say he always had friendly relations with Dr. Rudolf Mildner, an SS officer, then compelled him to read Mildner's affidavit submitted by Defense Counsel Robert Servatius.

WAS ADVISOR

"It says twice that you were the adviser and representative both of Himmler and Kaltenbrunner in all questions relating to the Jews and you were in charge of deportations to the death camps, you contacted foreign governments and senior SS and security police," Hausner asserted.

"You do not deny a document submitted in your own defense, do you?"

"Mildner is making a mistake," said Eichmann.

OTHER TESTIMONY

The attorney general confronted Eichmann with testimony by Karl Heinz Hoffmann, a former Ges-

tapo officer in Denmark; Prof. Franz Six, once Eichmann's chief and later an Einsatz commando colonel; former SS Judge Konrad Morgan, Eichmann's deputy Dietrich Wisliceny, who was hanged by the Czechs, and Auschwitz commandant Rudolf Hoess, executed by the Poles.

They all said Eichmann had the top role.

"It is true I was the intermediary between upstairs and downstairs in the reich main security administration," the defendant finally conceded. "I had all the facts and figures but I was not the man."

DA's Office Is Checking Liston

PHILADELPHIA (AP) — The District Attorney's office said on Tuesday it is investigating the June 12 arrest of Sonny Liston, the No. 1 heavyweight contender, and his subsequent dismissal by a magistrate.

Liston and Cooper were arrested

71 ARE KILLED IN CASABLANCA PLANE CRASH

CASABLANCA, Morocco (AP) — A giant Czechoslovak airliner enroute to West Africa struck a power line and exploded Wednesday while preparing to land at Casablanca. Officials said 71 of the 72 persons aboard were killed.

(Airport officials at Zurich, the in Fairmount Park after they allegedly ordered a woman motorist to pull her car to the side of the road. At a hearing July 1, Liston and Cooper apologized to the woman and were dismissed by a Magistrate E. David Keiser, who dropped several charges against them, including impersonating an officer.

Liston and Cooper, as well as the woman, are Negroes.

plane's only stop after it left Prague, said the departure manifest showed 64 passengers and eight crew members and that all apparently had boarded at Prague. Presumably there were no Americans aboard.)

The Soviet-built four-engine turboprop Ilyushin-18 had been scheduled to stop about 30 miles away at Rabat's Sale Airport but because of bad weather was directed to the Camp Caze Airport about 10 miles from this port city.

BAD WEATHER

Bad weather suddenly closed in there also, and the air control crew instructed the pilot to make for the big U.S. Air Base at Nouasseur, not far off. Officials said the plane was already in its glide path toward the Camp Caze strip when the diversion order was given.

It was the second Africa-bound Czechoslovak airliner to crash within four months. Another Ilyushin-18 crashed near Nuernberg, Germany, on March 29 and all 52 persons aboard were killed.

FOUR 'RIDERS' STAY IN JAIL UNTIL TRIAL

By THE ASSOCIATED PRESS

Four "Freedom Riders" arrested in the first bus-riding assault on Little Rock, Ark., have chosen to stay in jail until their trial rather than go free on bond.

They were scheduled for a Municipal Court hearing Wednesday. Their attorney, Thad Williams, a Negro, asked Judge Quinn Glover to delay the case one day to give him time to prepare a defense.

Bond for the four, arrested Monday night while a crowd of 300 ringed a bus station, was set at \$500, but Williams said they would not seek release.

JAIL LIST

Jailed were the Rev. B. Elton Cox, 30, of St. Louis, Negro field secretary for the Congress of Ra-

cial Equality; Bliss Ann Malone, 23, St. Louis Negro teacher; Janet Reintz, 23, a New York housewife, and the Rev. John C. Raines, 27, white pastor of Setauket, N.Y. Methodist Church.

At Shreveport, La., the Justice Department filed suit charging the illegal removal of nearly 4,800 Negroes from voting rolls in Louisiana's Ouachita Parish (County). The move brought a promise of resistance from parish officials at Monroe, La.

The complaint asked U.S. District Court to restore the Negroes to the registration rolls, and requested the registration of other eligible Negroes.

Two Negroes staged Jackson, Mississippi's first lunch counter sit-in in the midst of a concentrated effort to crack Mississippi's segregation barriers.

The move came as 17 Freedom Riders planned to leave Los Angeles, Calif., for Jackson. The Rev. Douglas A. Williams of Los Angeles will head the group, about equally divided between Negroes and white persons.

SPEED MINDERS KEPT TOLL LOW

HARRISBURG (AP) — O. D. Shipley, commissioner of traffic

safety, said today the "Speed-minder Cruisers" introduced on Pennsylvania highways over the July Fourth weekend may have contributed to the state's low highway death toll during the holiday.

Based on the preliminary experience of the cars with the big clock speedometers mounted on their roofs, it can be concluded that within sight of the Speed-minders, motorists are inclined to mind their manners and stay within the posted speed limits, Shipley said.

"Reports reaching me indicate that these Speedminders have had a dramatic impact on drivers. The reaction of the motoring public has been overwhelming approval of the cars and their purpose," the commissioner concluded.
